# Temporary Bridge Over Esopus Creek Will Accommodate Vehicular Traffic

**GLIDER TO ORBIT EARTH**—This is a full-scale mockup of the 17,000-mile-an-hour X-20 Dynasor spacecraft designed to go into orbit and then glide back to earth. The mockup was displayed for the first time at the Air Force Association convention in Las Vegas, Nevada. (AP Wirephoto)

## Report Heavy Frost, Record 34 Low Here

Heavy frosts were reported from several sections of the county overnight and in Kingston a 25-year record for the date was established when the City Engineer's office recorded an official 34-degree low.

While snow flurries were reported in some areas of the state, among them the Binghamton area, from Bellefonte, Pa., only "sugary" snow flurries were observed in the air.

## Asks Feed Grain Help for Ulster, 6 Other Counties

SYRACUSE, N. Y. (AP)—The State Disaster Committee sought government feed grain today for seven counties previously declared drought-disaster areas and now suffering from cold-weather damage to corn crops.

Chairman Joseph Sugden asked Gov. Rockefeller to request aid from the U. S. Agriculture Department for the counties of Herkimer, Columbia, Greene, Orange, Sullivan, Ulster and Steuben. Approximately 600 dairy and livestock farmers live in those counties.

Rockefeller was expected to act promptly. Sugden said farmers who meet eligibility requirements would be entitled to buy the grain at 75 per cent of the current support price, which generally equals the market price. Farmers should contact the county offices of the Agricultural Stabilization & Conservation Service (ASCS).

### Others May Follow

The seven counties were among 34 designated earlier this year as drought-disaster areas, in which Soil-Bank land could be used for grazing and cropland. The disaster committee is an arm of the U. S. Agriculture Department, but Rockefeller must make any appeal to the department.

## Aid Plea Ignored, House Votes for \$1.4 Billion Slash

WASHINGTON (AP) — The House has turned a deaf ear to President Kennedy and approved a foreign aid bill that would slash spending overseas a massive \$1.4 billion.

Not a voice was raised to support the President's contention that the cut in this year's appropriations "poses a threat to free world security."

## Ole Miss Citations Are Asked Based on Failure To Enroll Negro

HATTIESBURG, Miss. (AP)—The Justice Department asked today for federal contempt of court citations against all 13 members of the State College Board for failure to enroll Negro James H. Meredith in the University of Mississippi.

### Action Is Swift

A hearing was set for Monday at New Orleans.

The Justice Department, moving swiftly in the wake of Gov. Ross Barnett's personal refusal to admit the 29-year-old Negro to the school Thursday, put its request before a three-judge panel of the 5th U. S. Circuit Court of Appeals here.

The appeals court judges are here for a hearing in another case. Three federal courts—reaching all the way up to the U. S. Supreme Court—had ordered Meredith's enrollment and the end of segregation at the 114-year-old institution.

But Barnett, clothed in the powers of the board and acting as registrar, rejected Meredith. Earlier, the governor had said he would go to jail, if necessary, to prevent the desegregation of the university where he took his own law degree.

But the federal government bypassed him in its legal counter-moves. A spokesman for the Justice Department in Washington, Edwin O. Guthman, said the federal government still held the board and the university officials—and not Barnett—responsible.

Meredith's own plans remained a mystery as the legal battle started again. He left the campus after Barnett turned him down. The three appeals court judges—John Minor Wisdom, Griffin Bell and John R. Brown—issued their show-cause order against Thomas Jefferson Tubbs, chairman of the State College Board, and these other members:

Charles Dixon Fair, Robert Bruce Smith II, Harry Gordon Carpenter, Tally D. Riddell, James Napier Lipscomb, Dr. Vernon Smith Holmes, S. R. Evans, William Orlando Stone, Malcolm Mette Roberts, Ira Lamar Morgan, Edgar Ray Izard and Leon Lowrey.

### Request Is Denied

The order stated simply that it appears that "each of the defendants above named have failed and refused to comply with the terms of this court's orders."

In another action, the Justice Department asked the appeals court judges also to cite the three university officials named in Meredith's order of Thursday night.

But the appeals court judges took note of Meredith's order and denied the request.

University officials claimed

## Conference Will Ask \$4,500 for Police in State

ALBANY, N. Y. (AP)—The Police Conference of New York State will ask the 1963 Legislature to establish a legal minimum salary of \$4,500 for policemen throughout the state.

Al Sgaglione of New York City, conference president, said Thursday that, in addition to seeking the \$4,500 minimum, the conference would seek special state aid to help municipalities pay the higher salaries.

The proposals were approved by the conference's 75 member executive board at a meeting here this week. The organization represents rank-and-file policemen.

## Situation Critical: Red China 2 Trade Charges Of Gun Battles

TOKYO (AP)—Red China accused Indian troops today of opening fire on the Tibetan border—killing a Chinese officer—and warned that war might break out in the area.

The New China News Agency said the shooting took place in the Chedong region of Tibet, on the disputed frontier, and said Indian troops "are still firing" at Chinese Communist border guards.

Peiping said "the situation at present has reached a most critical point and the flame of war may flare up in the Chedong area."

The news agency said Indian troops thrust across the border near Chedong in remote northeast India 900 miles east of disputed Ladakh, another frontier hot spot.

The report said the Indians had "illegally intruded" at midnight Sept. 20 and opened fire on Red Chinese border guards at the Chejao Bridge.

The Indian and Red Chinese governments have been exchanging charges for months on troop movements in the high-remote borderlands of northeast India.

In the past four years the Chinese have penetrated and withdrawn at least four times from the area.

Night-Long Fight  
NEW DELHI, India (AP)—India said today Communist Chinese soldiers attacked an Indian northeast frontier post with grenades Thursday night, touching off a night-long fight in which three Indians were wounded.

Peiping charged that Indians opened fire on the Chinese in the same area, killing one Chinese and wounding another.

An Indian spokesman said the clash started when two Chinese

**BACK IN NEW YORK**—New York's Gov. Nelson Rockefeller was greeted by wellwishers and a Rockefeller-Javits sign as he arrived in his New York City office upon his return from the Republican convention in Buffalo. The Governor again brushed aside the idea of a television debate against his Democratic opponent Robert M. Morgenthau. (AP Wirephoto)

## Tougher View Could Delay Cuba Warning

WASHINGTON (AP) — House leaders sought quick approval today of a resolution warning Havana and Moscow against any military buildup in Cuba that endangers the United States.

But some members insisted on a chance to argue for tougher language than the Senate approved Thursday in the carefully worded resolution now awaiting House action. This could mean a delay until Monday.

The determination of objecting members was increased by word from official U. S. sources Thursday that the Soviet Union has stepped up arms deliveries to Cuba. Since late July, officials said, 65 to 75 Soviet ships have arrived at Cuban ports, about half of them carrying cargoes that included military equipment and personnel. The number of Soviet military personnel now in Cuba was put at 4,200.

These sources said the Castro regime has at least one late-type MIG jet fighter as well as 60 older ones. And, authorities here said, 12 short-range surface-to-air missile sites have been established in western Cuba, many on the northern coast opposite the United States.

Rep. John R. Pillion, R-N.Y., who wants Congress to authorize a naval blockade of Cuba and back a demand that the Castro government expel all foreign

troops, said he expects to object to any shortcuts.

Pillion said the new information about the Soviet military buildup in Cuba "of course makes it more important than ever that we adopt a stronger resolution."

He has criticized the one before

## Maple Block Firm Bought by Large N.Y. Corporation

The acquisition of Quality Maple Block Company, Inc., of Deyo Street here, manufacturers of cutting tables and cutting blocks for meats, by Walco American Corporation, was announced today by Frederick W. Richmond, president of the corporation at 743 Fifth Avenue, New York City.

Quality Maple will continue operations as a subsidiary of Walco American. Richmond announced that no management changes are contemplated and that Morris and Charles Monashewsky will continue as operating heads of the subsidiary.

Plans for adding to the product line, and for an intensive

(Continued on Page 6, Col. 6)

## Cease-Fire Is Proclaimed In Argentina, Cabinet Out

dent Jose Maria Guido proclaimed a cease-fire in Argentina today and ousted three military leaders accused by army rebels of plotting to set up a military dictatorship.

His cabinet resigned to give him a free hand.

For the moment, at least, it appeared that Gen. Juan Carlos Onganía, the rebel leader who demanded a return to democratic rule, had won. Whether his army rivals would bow out peacefully was not immediately clear.

Reports said fighting persisted north and south of this capital as the president issued his communique announcing the cease-fire. The communique was a product of a session with his cabinet and rival generals that dragged into the early hours.

Ousted was the war secretary, Gen. Jose Cornejo Saravia, and the communique said resignations would be accepted from his two top army officers—Gen. Juan

It was not known how soon the cease-fire in the four-day crisis could be put into effect. A temporary truce, announced before the negotiations resumed soon after midnight, expired and despite reports the truce had been extended, troop movements resumed on both sides.

A new clash was reported between government and rebel troops at Florencio Varela, where 3,500 government troops were in position 17 miles southeast of Buenos Aires in the path of rebel tanks. Reports said rebel tanks were fired on by anti-aircraft guns and returned the fire. There was no word of casualties.

The rebels penetrated to the industrial suburb of Avellaneda, across the Riachuelo River from and several truckloads of troops Buenos Aires. Ten Sherman tanks were seen in the area. Rebel forces guarded bridges with light machine guns.

At Olmos, about 50 miles from Buenos Aires, a rebel tank column was said to have broken de Mayo garrison 10 miles from government lines.

The rebel bastion was Campo Buenos Aires. Troop movements were heaviest in and around this capital, but there was military activity as far away as Salta, 775 miles to the northwest.

## Won't Take Too Long To Build

Discussion Is Due Today on Details

A temporary bridge over the Esopus Creek to replace the 38-year-old steel span which collapsed Aug. 28 is to be constructed to permit vehicular traffic, a spokesman for the state public works department said today.

Announcement of the decision by state engineers followed discussion of local procedure Thursday afternoon by Mayor John J. Schwenk and members of a special Common Council committee. It resulted in the call of another session slated for 4:45 p. m. today to be attended by county and Town of Ulster, as well as local officials, along with representatives of a citizens' committee and up-town merchants.

### Driver's Trial Set Oct. 9

In city court today, meanwhile, Oct. 9 was set as the trial date of Claude T. Helton, 44, of RD 1, Box 324, Walden, driver of a trailer truck of the Provan Petroleum Transportation Co. of Newburgh, held responsible for collapse of the span. Helton was booked on a charge dealing with weight and measurements of vehicles. Attorney William J. Dwyer, Jr., of Cook & Cook, appears for him.

"Many things are still to be ironed out concerning use of the bridge for vehicles," the public works spokesman said, and Mayor Schwenk noted that local responsibilities are to be discussed at this afternoon's meeting.

John D. Manning, assistant district state engineer at Poughkeepsie, said construction of the Bailey bridge, moved here from Prattville, is expected to start next week, probably Monday. It had been used in the Green County community to replace one washed out in a flood some two years ago.

### May Attach Walk

The bridge, replacing the 120-foot span, which collapsed, will have an 11-foot roadway, and it was reported today that if a separate foot span is required a catwalk, built of timber will be constructed.

It is expected that the load limit on the span will restrict travel to passenger cars and light trucks. One-way traffic will be maintained, possibly on a time schedule with in-bound travel permitted during certain hours and out-bound during others.

### Built In Days

Engineer Manning said that because the building of Bailey bridges is not among regular experiences in the department, he was unable at this time to estimate a construction timetable. Such spans are built, however, he said, usually in days rather than weeks.

Mayor Schwenk met Thursday with Council Majority Leader Frank C. Sass (D) Seventh Ward; Minority Leader Joseph F. Carroll Jr. (R) 11th Ward; Francis R. Koenig (D) Ninth Ward and John Machione (R) 12th Ward, members of the special council committee. Donald M. Hastings (D) Third Ward, because of out-of-town duty with the Central Hudson Gas & Electric Corp. was unable to arrive in time for start of the session.

It was decided at the meeting

(Continued on Page 6, Col. 5)

## Association Has Suit on Validity Of Trooper List

A Supreme Court action has been brought against State Police Superintendent Arthur Cornelius Jr., challenging the validity of a sergeant's list, according to Joseph F. Felly, president of the State Civil Service Employees' Association.

Felly reportedly said the action was brought because Cornelius repeatedly has declined to meet with association representatives to discuss working conditions. He contended that the unity of association members in the State Police is under "open and transparent attack" by Cornelius' office.

The association represents Trooper John H. Donahue, formerly stationed at Fishkill, who

**DEMANDS ALL SHARE IN U.N. COSTS**—U. S. Ambassador Adlai E. Stevenson is shown as he delivered a major policy speech before the 108-nation United Nations General Assembly. Stevenson demanded that the General Assembly act immediately to require the Soviet bloc and all other members to pay their share of U.N. costs. (AP Wirephoto)

## Po'keepsie Woman, 79 Is Swindled of \$6,000

### Seaway Tonnage Gains 12.1 PC

OTTAWA (AP)—The R. Lawrence Seaway Authority reports tonnage of cargo carried on the international waterway up to Aug. 31 this year was greater than that for the corresponding period in 1961.

The authority, which operates the Canadian section of the seaway, said Thursday that 21 million tons of cargo had passed through the Welland Canal since it opened in April, an increase of 12.1 per cent over last year's total up to Aug. 31.

Total tonnage for the period for the Montreal-Lake Ontario section was 15 million tons, an increase of 8.4 per cent.

### Bare Detectors Of Nuclear Shots

LAS VEGAS, Nev. (AP)—While you're driving, keep your eye peeled for a white bucket perched atop a utility pole.

If you spot one, chances are it's a nuclear bomb explosion detector, the existence of which was disclosed in a news conference Thursday at the Air Force Association convention.

A network of these detectors has been installed in 39 critical target areas of the United States. There are three detectors, located 11 miles from predicted prime targets, in every major military and civilian center.

Not all detectors are on utility poles, but an Air Force spokesman said that's a good place to put them because they are made and serviced by Western Union.

The Air Force said the network of blast sensors will give almost instant notice of attack in several military command posts, including the Pentagon.

This information, the Air Force said, will help authorities make "decisions that can spell the difference between survival and annihilation."

Each detector is housed in a white aluminum cylinder about 12 inches high and 9 inches in diameter. On top of the cylinder are photo cells sensitive only to a type of light peculiar to nuclear detonation.

The Air Force said the device cannot be triggered falsely by lightning, fire or other sources of light.

### Bryant's Gas Station Is Burglarized Again

Bryant's Gasoline Service Station on Route 28 near Brabant Road was burglarized some time Wednesday night and Thursday morning and automotive gauges valued at \$120 were reported stolen, Kingston state police said today.

The missing parts included Ford motor gauges, vacuum gauges, voltage meters and battery meters. The burglars gained entrance through a rear window. The service station has been illegally entered several times in the past two years, it was reported.

BCT Senior Investigator Edward P. Shannon and Investigator Joseph Ventriglia are probing the break-in.

### Business Leaders Downtown Want Urban Renewal Say

Dissatisfaction with procedure affecting the downtown urban renewal project was expressed at a Thursday night meeting of the Downtown Area Businessmen's Association in Rookier's Tavern, East Strand.

A question and answer period presided over by Elmore C. Yallum, city planning board chairman, it was noted, revealed that many of the merchants felt that the downtown area "was not represented in proper strength on the Mayor's Citizens Advisory Committee" and some "questioned in detail" procedure, to date, pertaining to the downtown project, which has been designated as "Broadway East."

The majority of the downtown group, it was also reported, "resolved that they would cast all future votes for any candidate, who would make a positive stand on the urban renewal project."

On the Action Committee responsible for downtown planning coordination are Manuel Lipton, James Norton and Raymond C. Willis. They urged all downtown business men to attend the association's October meeting to be held at Wimpy's Restaurant, 92 Broadway. Last night's meeting was scheduled as the initial session of the association's 1962-63 season.

After taking the elevator to the second floor, Miss Hall was told to wait a while and she would get her share of the money reportedly found. Chief Martin said Miss Hall waited until 4 p. m. then she returned home.

Complaint to police was not made until yesterday. Detective Sergeant James Murphy and Detective Francis Doerr were assigned to investigate.

Description of the two women follows: No. 1—25 years of age, five feet six or seven inches tall, weighing 125 pounds, light hair, light figured dress, light scarf; No. 2, colored, 50 to 55 years, five feet, five inches, 170 pounds, dark dress, black coat and hat.

### Bomb Cancels Fete

ACCRA, Ghana (AP)—All preparations today celebrating President Kwame Nkrumah's 53rd birthday were canceled after a birthday parade was scattered Thursday night by two bomb blasts. A girl was killed and several other persons were wounded.

## Saugerties Chamber Sees \$209,000 Advantage on Site

Locating the Community College in Saugerties would be a \$209,000 advantage to Ulster County taxpayers, the college committee of Saugerties Area Chamber of Commerce reported at its meeting this week in Schoenstatt's Hotel.

After thorough investigation the committee determined that the Winston Farm site offered free and clear by Ferdinand Schaller, on the basis of adjacent property sales, would be assessed at approximately \$250,000.

Figured at \$780,000. Added to this figure would be the grant of college trustee McDonald DeWitt estimated at \$140,000 making the total estimated assessed valuation of donations \$390,000. This figure would be matched by the state making \$780,000 available to begin work on the college.

The 82-acre Leggett-Van Winkle-Davenport site at Stone Ridge, based on \$500 per acre, the price reported in the proposed agreement for purchase of the 25-acre in the Van Winkle tract, would bring the total value of the Stone Ridge site to \$41,000. Also based on property values in the immediate area, the state could not assess this property much higher, the report indicated.

The committee report listed the 86 acres offered by Schaller at \$2,000 per acre, based on a recent sale of property in the immediate vicinity of the site. The firm that purchased this property had to build its own access road to Route 212, estimated at about 300 feet. Using this basis the 86-acre offer would be assessed approximately at \$150,000.

The 23-room, three-story stone house, Winston Homestead at current real estate values would be assessed at over \$90,000, making the total \$250,000, the report indicated.

### Situated on Town Road

The Schaller site has a town road, the Tigger Road, which goes directly through the site and would require only installation of some 2,500 feet of water main, estimated to cost \$15,000, to bring village water to the proposed college building.

The Saugerties Village water main coming from Blue Mountain Reservoir runs adjacent to Route 212.

The committee report indicated that an access road would have to be constructed from Cortkill Road to the Stone Ridge site or across a right of way to Route 209. To provide water, deep wells would cost at the very minimum, \$35,000, and in addition a pumping system, standpipe and maintenance main would be required for water facilities at the Stone Ridge site, it was reported.

Easement for disposal and water main is included in the Schaller offer, where the same easement at Stone Ridge must be secured from one of the adjacent property owners, the report said.

The committee also emphasized the accessibility of the Schaller site to the Thruway and State Highways 212 and 32. The Nigger Road comes into a point on Route 32 at the Thruway interchange.

One third of the cost of operation of a college must come from tuition. The importance of attracting students from neighboring Greene and Columbia Counties would increase this income greatly, the report said.

Quote Data Book. In addition to these facts, the report continues, the Ulster County Data Book published by Ulster County Board of Supervisors, under the heading, education, states:

"Ulster County Community College will be a comprehensive two-year college dedicated to the service of the people of Ulster County and adjoining counties."

Furthermore, the committee reported, the Master Plan of the State University of New York, under the expansion of two-year colleges reads:

"The analysis of the proportion of the high school graduates attending a public two-year institution from a local and peripheral counties indicates that the counties listed are not served, or are inadequately served by an existing two-year college. The list includes Columbia, Greene and Ulster County."

Location of the college north of Kingston would be a very minor advantage to students attending from southern Ulster County due to the immediate proximity of two state highways and the Thruway, the report said.

## Says Red Subs Ready for Sea

MOSCOW (AP)—The official Soviet military newspaper Red Star denounced today the U.S. Senate resolution on Cuba and said Soviet nuclear submarines are ready to put to sea.

In an editorial, the newspaper said "The Soviet servicemen are vigilantly following the vile intrigues of the warmongers and if the frantic aggressor should force us to do it, the submarines of the Soviet fleet will immediately head for sea, ready to bring down upon the enemy the inevitable might of rocket blows and to strike with its accurate torpedoes."

## Attach British Ship Headed for Soviet With Sugar

SAN JUAN, Puerto Rico (AP)—A Puerto Rican cargo boat has attached an \$800,000 Cuban sugar cargo aboard a British freighter bound for the Soviet Union.

The Soviet-chartered Streatham Hill, which called here for minor repairs, was ordered held and her 130,000-bag cargo unloaded after a representative of the Terry Line heavy machinery firm of Miami, Fla. appeared to a superior court in San Juan.

The Dade County, Fla. court awarded Kane's firm \$983,978 damages July 26, 1961, for nationalization of its holdings in Cuba.

Attorneys for the freighter said they will seek to lift the attachment, probably on grounds that the sugar was bought and paid for by the Soviet Union and is no longer Cuban property.

Legal experts here expressed belief the Soviet Union also will fight the order through its embassy in Washington.

Luis Rodriguez Moreano, who requested the attachment on behalf of the Kane firm, said he expected the Soviets might claim title to the cargo.

"In the meanwhile, we have the sugar and plan to fight for it," he said.

The dated cargo nearly went up in smoke Thursday night when fire of unknown origin broke out in a hold of the freighter. Dozens of fire fighters brought the blaze under control, but the hold still smoldered.

The Puerto Rican court order will detain the vessel until the sugar is unloaded. Then she presumably will be free to leave.

The Streatham Hill's captain, Walter C. Whitting, said the Soviet Union chartered the vessel for a year and the contract still has a month to go.

The freighter made port in San Juan last month after a hole was cut in her hull when she scraped a reef near Grand Turk Island while en route from Cuba to the Soviet Union. She is still in drydock.

## Ole Miss ...

they had turned over their power to the 54-year-old governor who vowed to go to jail before seeing the university integrated.

But the Justice Department postponed a showdown with Barnett by omitting his name in its contempt proceeding.

Previous court orders that Meredith be enrolled were directed at university officials, Gutman said. "Our position is that they still have that responsibility," he said.

A Justice Department spokesman said the government's position is that Barnett actions "have no legal effect."

The Justice Department disclosed contents of a 400-word telegram Atty. Gen. Robert Kennedy sent to the 13 members of the board trustees, the chancellor, the dean and registrar.

The telegram said neither Meredith nor the attorney general had been able to get any commitment from university officials that Meredith would be registered. It recited the legal steps in the case and the government's position, and advised the officials that the department's purpose was to see court orders were obeyed "peaceably."

## Sees Lower Apple Crop, Price Jump

POUGHKEEPSIE, N. Y. (AP)—Willard Roubal, associate Dutchess County agricultural agent, predicted today that the Middle Hudson Valley apple crop would be only about 60 per cent of normal because of last summer's drought and that the shortage might cause prices to rise.

Roubal said early harvest reports indicated the decrease in Dutchess, Columbia and Ulster counties.

## Calls for Petitions

Robert Teetsel, chairman of the Citizens' Temporary Bridge Committee, which has been circulating petitions to gain signatures in support of obtaining a vehicular bridge over the Esopus, in a notice issued today, asks that all lists of signatures be returned to him or to members of the committee. They may be left at the Barn, Town of Ulster also, he said. The committee is interested in making a report on the total number of signatures obtained. The committee is due to meet Monday night.

## Reds Fire 12th

UPPSALA, Sweden (AP)—The Soviet Union exploded a nine-megaton nuclear bomb in the atmosphere over Novaya Zemlya this morning, the Uppsala Seismological Institute reported.

## Local Death Record

Joseph B. Johnson  
Funeral services for Joseph B. Johnson of 208 Albany Avenue who died Wednesday were held at the A. Carr & Son Funeral Home, 1 Pearl Street, 10:30 a. m. today. The Rev. Edwin C. Moon, pastor of the Fair Street Reformed Church, officiated. Burial was in Montrose Cemetery.

Charles A. Jordan  
The funeral of Charles A. Jordan who died in New York Monday was held Thursday 9 a. m. from the James M. Murphy Funeral Home, 176 Broadway, thence to St. Peter's Church where at 9:30 a. m. a high Mass of requiem was offered by the Rev. John T. Murray. Seated in the sanctuary was the Rt. Rev. Msgr. Joseph D. Ostermann. Responses to the Mass were sung by the children's choir and Richard Scherer, soloist, accompanied by Miss Ann Goldrick, organist. Among the many who called was Msgr. Ostermann. Wednesday night Father Murray called and led those present in the recitation of the Holy Rosary. Many floral and spiritual bouquets were received. Burial was in St. Mary's Cemetery where Father Murray gave the final absolution and blessing. Bearers were Wendell, Edwin and Richard Scherer. Joseph Flynn and Robert Egan.

Virgil M. Everett  
Virgil M. Everett of 200 Lucas Avenue died in this city this morning. Funeral services will be held at the A. Carr & Son Funeral Home, 1 Pearl Street, Monday 2 p. m. Burial will be in Wiltwyck Cemetery. Friends may call from 3 to 5 and 7 to 9 p. m. Surviving are his wife who was Orley Schoonmaker; two brothers, Millard V. Everett of Kingston and Marshall Everett of Highland; two sisters, Miss Kathryn Everett of Kingston and Mrs. Hazel Swiebold of Kingston. He was a member of the Fair Street Reformed Church; Kingston Post 150, American Legion and the Ex-empt Firemen of Wiltwyck Hose Company. He had been retired for 12 years having been department manager in the grocery business. For many years he was employed at the A. D. Rose Grocery Store. He was a veteran of World War I. Born in West Hurley, he was son of the late Watson and Lettie McKelvey Everett, but had lived in Kingston most of his life.

Lawrence P. Gaffney  
Lawrence P. (Lon) Gaffney, 89, of Highland died Thursday at the home of his daughter, Mrs. Ann Abrams, New Paltz, after a brief illness. Mr. Gaffney was born March 20, 1873 in Gardiner, the son of the late Daniel and Mary Hart Gaffney. Mr. Gaffney was a retired dairy and fruit farmer and had lived on and worked the same farm in Highland for 70 years. His wife, the former Nellie Hannigan, died three years ago this month. He was a member of St. Joseph's Church, New Paltz and the Holy Name Society of the church; an honorary member of the Ulster County Grand Jury Association; a member of Farm Bureau, Dairymen's League Association and Clintondale Cold Storage Association. He was an inspector of Town of Lloyd for 42 years and served as a Democratic committeeman for many years. Surviving in addition to his daughter, Mrs. Ann Abrams, are another daughter, Mrs. Eileen Dunham of Highland; four sons, Lawrence, James and Vincent all of Highland and Claude of Birmingham; eight grandchildren and several great grandchildren. Two sons, Daniel and Albert, predeceased Mr. Gaffney. A solemn high requiem Mass will be offered for the repose of his soul at St. Joseph's Church, New Paltz, at 10 a. m. Monday. Rosary will be Sunday 8 p. m. at the Pine Funeral Home Inc., New Paltz. Burial will be in St. Charles Cemetery, Gardiner. Friends may call at the funeral home tonight, Saturday and Sunday afternoon and evening.

Virgil M. Everett  
Virgil M. Everett of 200 Lucas Avenue died in this city this morning. Funeral services will be held at the A. Carr & Son Funeral Home, 1 Pearl Street, Monday 2 p. m. Burial will be in Wiltwyck Cemetery. Friends may call from 3 to 5 and 7 to 9 p. m. Surviving are his wife who was Orley Schoonmaker; two brothers, Millard V. Everett of Kingston and Marshall Everett of Highland; two sisters, Miss Kathryn Everett of Kingston and Mrs. Hazel Swiebold of Kingston. He was a member of the Fair Street Reformed Church; Kingston Post 150, American Legion and the Ex-empt Firemen of Wiltwyck Hose Company. He had been retired for 12 years having been department manager in the grocery business. For many years he was employed at the A. D. Rose Grocery Store. He was a veteran of World War I. Born in West Hurley, he was son of the late Watson and Lettie McKelvey Everett, but had lived in Kingston most of his life.

### Adventists Set Sabbath Services

Sabbath school of the Kingston Seventh-day Adventist Church will open at 10 a. m. Saturday with a song service under the leadership of Mrs. George Landstrom.

Opening exercises will be led by superintendent, Mrs. Grace Koeppen, following which classes will separate to study and discuss the lesson for the week entitled, Women of the Early Church. The children will meet with Mrs. Andrew Seaman and her assistants in the Sabbath school rooms.

Divine worship will be at 11:30 a. m. The Rev. Eric R. Norman, pastor, will speak. The Health and Welfare Society will meet at the church, 30 Pearl Street, Wednesday from 10 a. m. to 4 p. m. Anyone in need of clothing may be helped by coming to the church on Wednesday.

Next Sabbath, Saturday, Sept. 29, is 13th Sabbath. A special program is being prepared by the children to present to the adults.

A service of Thanksgiving for the Scriptures in the Revised Riverside Church, 490 Riverside Drive at 120th Street, New York City, Sunday, Sept. 30 at 4 p. m. Dr. Robert McCracken and other leading Protestant ministers will speak. The choir will sing three anthems. The world famous Virgil Fox will give an organ recital. The 74 bell carillon will be played. Anyone interested may attend.

### Annual Meeting Of Automobilists Slated Upstate

Saturday and Sunday will mark a highlight in the year for auto enthusiasts across the state as The Automobilists of the Upper Hudson Valley, Inc. hold one of its annual meetings at Woodland Museum, Cooperstown.

Five general categories of cars will be represented:  
Autos up to 1906; 1907 to 1913; 1914 to 1920; 1921 to present, and Model T's.

The latter category is classed separately due to the unusual number of entries.

Louis B. Hager, president of Woodland, said "We are planning a prize for each specific category as well as a costume prize for the man and woman best outfitted in keeping with a car of the same era."

The Automobilists will start arriving on Saturday morning,

### Civil Service Exam

KINGSTON, NEW YORK, SEPTEMBER 21, 1962

## MEN WITHOUT A STATE

In two months, tens of millions of Americans will stream to the polls to vote in the 1962 general elections. But several millions will not be able to vote because of rigid, largely outmoded residential requirements. The always mobile American people are more mobile today than ever before. Upwards of one-fifth of the U.S. population changes its place of residence every year. Most of this movement takes place within towns and cities, or in the same county. Yet a surprising proportion moves from state to state.

The American Heritage Foundation, among others, has been nobly battling to get rid of residence requirements which have the effect of barring millions of these folks from voting.

Progress is being made—but not enough. In 1950, five states had a two-year residence requirement for voting in national and state elections. Thirty-two put the requirements at one year, and 11 at six months. When Alaska and Hawaii entered the union, they joined the one-year category.

In the 1950s some hopeful changes appeared. The number of states with a two-year requirement was slashed from five to two. The total with a six months' requirement was raised from 11 to 12.

Five states acted to suspend their state residence requirement as a condition for voting in the presidential election. Besides these five—Wisconsin, Ohio, Missouri, California, and Oregon—the states of Connecticut and Vermont applied a "return to vote" clause to their state requirement, thus allowing qualified persons who have moved from the state to vote in presidential elections.

The lack of uniformity introduced by the Connecticut-Vermont plan is disapproved, however, by those who urgently press for more flexible residence arrangements.

They note, for instance, that a man moving from Connecticut to Ohio would enjoy double protection, since he could "return to vote" in Connecticut, or vote in Ohio under its suspended requirements provision. But if he moved from Ohio to Connecticut, he could not vote at all, since Ohio has no similar "return" feature and Connecticut does not suspend its requirements for incoming residents.

Prof. W. Ross Yates of Lehigh University, discussing the matter before a national conference of political scientists in Washington, believes the 50 states should adopt a uniform plan "which will secure equality of voting conditions in presidential contests."

He suggests, too, that a similar easing of requirements should apply to intrastate movers who should be voting in local elections. "Return to vote" privileges now available in more than 30 states compel the voter either to make a trip to his former home or use cumbersome absentee ballot procedures.

Proposals of this kind, widely endorsed, deserve support and action everywhere in the country. No sensible case has ever been made for lengthy residence requirements.

Now they're working on a computer that will read your mind. If science makes a breakthrough, we'll make a break for the hills.

## DEATH OF A SPY

By his self-inflicted death, Dr. Robert Soblen has thwarted the United States in its intention of punishing him with life imprisonment for his activities as a Soviet spy in this country. Perhaps more importantly, he has thus evaded further questioning about the Soviet espionage apparatus.

It may be that in trying to commit suicide, first with a steak knife and then with barbiturates mysteriously obtained, evasion of questioning was his chief motive. There is rather a strong possibility that the Russians were responsible for getting the fatal barbiturates to him though he was closely guarded.

The whole Soblen affair—his jumping

# 'These Days'

By GEORGE SOKOLSKY

## THE RESPONSIBILITY OF CONGRESS

Everywhere one hears these days about the power of the President, the authority of the President, the President's program etc. True, the President is the chief executive of the nation who functions through a vast and overpowering bureaucracy.

Originally, all bureaus and agencies were organized within departments at the head of which was a member of the President's Cabinet. This was an orderly system of government. The functions of the President became more numerous because Congress delegated new authorities and responsibilities to the President and created many independent agencies. Thus, it was Congress which increased Presidential functions and responsibilities.

The actual center of power, according to the Constitution, is not vested in the President but in Congress. In fact, the Constitution places the legislative authority first. Congress can impeach a President but a President cannot dismiss any member of Congress. True, a President may veto a bill passed by Congress, but Congress may pass it over the President's head by a two-thirds vote of those present. The President may, in the conduct of foreign policy, reach agreements with foreign nations but if they involve expenditures, the agreements are worthless unless the expenditures are sanctioned by Congress.

However, the business of government has grown too large and too complex for Congress to handle all its aspects. Therefore, numerous activities have been referred to agencies and bureaus and some of these arms of government have regulatory authorities which have the potency of an act of Congress. The ICC, FCC, FTC, SEC, etc., are such regulatory agencies which possess enormous powers. Most of their work is unknown or buried in unreadable reports.

There is much criticism of these agencies. Nevertheless, what nonsense it is for Congress to go through the effort, spending time and thought, "to promote the production of oysters by propagation of disease resistant strains and for other purposes." This is Public Law 87-580 which passed the House of Representatives and the Senate and was signed by the President on August 9, 1962.

I do not object to purifying the strain of the oyster but it would seem to me that such matters might be routine with the Secretary of Agriculture. But what has happened is that Congress decided:

"... The Secretary of the Interior is authorized with respect to those States where he finds that excessive mortality of oysters presents an immediate and substantial threat to the economic stability of the oyster industry in such area or region, to acquire oyster brood stock that he believes possesses resistance to the causative agent of such excessive mortality."

Whereupon the law authorizes the Secretary of the Interior to do various and sundry things about the oyster, provided he does not spend more than \$100,000 doing it.

Not many members of the Congress can possibly know anything about how to raise these critters. I know two salient facts about oysters: 1. They are good to eat in various forms; 2. Pearls are found in them. My preference for oysters is raw with mignonette sauce and a white wine. However, neither the Secretary of the Interior nor the Secretary of Agriculture can do anything about that—all is forbidden joy.

I cite this legislation to indicate how intricate and even wasteful of time and energy our system of government has become. We cannot govern too wisely because decisions are slowed up by the complexities of control. The controls are essential if we are to continue our theory of government in which the people govern themselves not directly but through representatives. The members of Congress are not expected to be the wisest, the most expert, the most able men in the community from which they come. They are expected to be representative. For instance, Senator Eastland would not be representative of New York State but he is representative of Mississippi.

Senator Fulbright, who represents Arkansas in the Senate which, according to the Constitution is all that he needs to do, also may be regarded as representing in the Senate, as do Senators Douglas, Humphrey, McCarthy and Mansfield, the intellectuals of the country, the university professors, the experts who usually are found in bureaus rather than in the Senate. The disciplined minds that appear in Congress these days give encouragement to the idea that our nation is maturing and that the Congressional system is gaining in strength despite the expansion of the power of the Executive.

## The Doctor's Mailbag

Work Seems to Be Answer  
For Coronary Attack Victims

By HAROLD T. HYMAN, M.D.

Written for  
Newspaper Enterprise Assn.

Q—My husband, who is only 41-years-old, is recovering from a coronary attack. Our doctor has said that he will soon be able to return to our stationary store where I help him with his work. But my children and I are afraid that he is looking only on the rosy side of the picture to assure us. We know he means this for the best, but we would also like your opinion about his chances for recovery.

A—Your doctor knows the details of your husband's condition. You should accept these assurances at face value. With increasing knowledge of coronary diseases and the introduction of new drugs to prevent blood clotting and to dissolve formed clots, the outlook has brightened considerably. An outstanding example of recovery is that made by former President Eisenhower. And, on a broader scale, a prominent cardiologist just reported an analysis of 255 of his patients who have already survived their attacks by 10 years or longer. You may be interested to learn, moreover, that those patients who returned to work after recovery seemed to do better than those who retired.

Q—My 7-year-old daughter is 46 inches tall and weighs only 40 pounds. She is a happy, healthy child and has very thick, hip-length hair. When I was at a beauty shop last week, I was told that her hair is using up all her vitamins and that I should have her hair cut so she can grow and gain weight. Would you advise me to do what they say even if she is very proud of her hair and loves me to wash, comb and brush it?

A—Just when I think I've heard all the nonsense there could possibly be about vitamins, along comes your beauty shop authority on metabolism. The only damaging haircut I've ever heard about is that given by Delilah to Samson. So, if your little girl is very proud of her hair and you don't mind washing, combing and brushing it, why don't you let matters rest as they are?

For a copy of Dr. Hyman's leaflet "YOUR HEART: angina pectoris," send 10 cents to Dr. Hyman, care of The Kingston Daily Freeman, Box 489, Dept. B, Radio City Station, New York 19, N. Y.

100,000 bail and fleeing the United States, the carelessness that allowed him to attempt his life on a plane returning him from Israel, his success in drugging himself in London—calls for tightening of procedures for handling such cases. There is an unpleasantly amateurish flavor about the manner in which this convicted spy was dealt with.

# "Of Course My Face Is Red! This Water's Hot!"

## Washington News

BY PETER EDSON  
Washington Correspondent  
Newspaper Enterprise Assn.

WASHINGTON (NEA)—There are 89 items on the provisional agenda for the U.N. General Assembly convening in New York Sept. 18.

Far more than half of the General Assembly's time will be taken up with unfinished business. The list of unsolved U.N. problems grows longer every year, but this year there will be an effort to streamline procedures to speed up future assembly work.

One of the great slowdowns in the opening weeks is general debate. The U.N. is practically the only place where the smaller nations can make their voices heard in world councils. But listening to 104 members' speeches—soon to be 108 or 110—exhausts all the delegates, making constructive work impossible.

Four more new nations now are cleared for admission to the U.N.—Rwanda and Burundi in Africa, Trinidad and Jamaica in the West Indies. British Guiana is applying for admission but may be held over for next year, along with Algeria and others.

RETIRING GENERAL ASSEMBLY President Mongi Slim of Tunisia has a plan to simplify the big organization. He now proposes creation of a new general committee of the General Assembly president, 13 vice presidents and the chairman of the six standing committees—20 members in all—to serve as a full-time steering committee.

His plan would also eliminate general debate on every item on the agenda by all the members. Debate on specific items would be concentrated in the six standing committees. This would

leave the plenary sessions for more fruitful work.

Barring unexpected opposition from the Communist block or from India, Sir Zafarullah Khan of Pakistan is in preferred position for election as president of the General Assembly this year. He is a distinguished jurist who recently completed a term on the World Court. His election may be accepted by India as an assurance that Kashmir will not be made an active issue this year.

A LONG FIGHT may develop over election of new Security Council members. The terms of Chile, Ireland and United Arab Republic expire this year. By an agreement made at the last session, Romania will give up its seat to the Philippines.

For the European seat, the U.S. is supporting Norway, though it has served before. Brazil is in line for the Latin-American vacancy. Nigeria and Morocco are contending for an African seat, though Ghana is now serving on the Council.

Northern, Arab Africa wants equal representation with southern, black Africa. French African states are supporting Mauritania's candidacy in opposition to Morocco. Ethiopia and Iran also want a place on the Security Council.

The most important position which the U.N. has to fill this year is appointment of a new Secretary General for a five-year term to begin April 10, 1963. Acting Secretary General U Thant of Burma, who has held this post since the death of Dag Hammarskjöld, is in favored position for the appointment.

He has been a good administrator. He has shown courage and determination. U Thant's visit with President Kennedy in Washington before the General Assembly's opening balances off

the acting Secretary General's trip to Russia to see Khrushchev.

WHETHER OR NOT Russia's Foreign Minister Andrei Gromyko or Khrushchev will attend the session has not been revealed. In their absence, Ambassador Valerian A. Zorin will head the Russian delegation.

Whether President Kennedy will address the Assembly has not yet been decided. If the President does not go to New York, U.S. Ambassador to the U.N. Adlai Stevenson will deliver the American speech in general debate, tentatively on Sept. 18 or possibly at the eighth session Sept. 28.

Secretary of State Dean Rusk now plans to be at the General Assembly for about 10 days. He will concentrate more on seeing other foreign ministers privately than in active participation with the American delegation's assembly work.

NEXT: United Nations issues in the U.S. election campaign.

## So They Say..

It is interesting to note that their (the Russians') successes have come where they have permitted science and technology to move forward without doctrinal blinders and where substantial freedom of action is given to those responsible for the particular enterprise.

—Secretary of State Rusk.

Space heroes can lick the lot in the sex-appeal stakes... They are definitely, as men go, out of this world.

—British columnist Marjorie Proops.

## Jim Bishop: Reporter

J. Edgar Hoover reminds me of a high abbot in a monastery of gunmen. He works in dignity and silence, and yet, on the occasions when he is recognized in public, Hoover is friendly and warm. Then, back to the monastery and the work of guarding the nation from the sneaks, the saboteurs, the spies, the big interstate criminals, and the rosy of brass knuckles.

He has been the boss of the Federal Bureau of Investigation for almost 40 years. In that time, he has become an expert on Communism in its most blatant, and most subtle forms. No man within my knowledge knows as much about the subject. At the age of 67, the bachelor chieftain of the G-men is finding time to write books.

This is good, because what he writes amounts to a sharing of his knowledge with all of us. Twenty years went by after his first book, "Persons in Hiding" was published. Few remember it. Then came "Masters of Deceit," the story of Communism in America. This was published by Holt in 1958 and became a best seller.

Next week, a new one will be in the bookshops. It is called "A Study of Communism" and, for those who would like to know the history of Communism, from Marx to Khrushchev, in addition to the story of what the Reds are doing in the United States, the book is nourishing reading.

Once, a long time ago, I came across an itemized bill of the assistance the U.S. gave to bleeding, dying Russia in World War II. Since then, I have been unable to find it. Hoover has it listed, all on page 129 of the new book. It is important to know what we have done for our war-time allies, the people who now promise to bury us.

We sent the Russians 7,000 tanks; 14,000 planes; 8,000 tractors. Also 135,000 machine guns, one billion dollars worth of heavy machinery and 100 merchant ships. They also signed receipts for 8,000 anti-aircraft guns, 2,000 railroad locomotives and 200 torpedo boats. We sent 300,000 tons of explosives, 10,000 freight cars and 100 submarine chasers.

## Today in World Affairs

# The Resolution on Cuba: A Concession to Russia?

BY DAVID LAWRENCE

WASHINGTON—It may seem trite in this age of "sophistication" to say that "actions speak louder than words" but that's about the only conclusion one can reach with respect to the resolution on Cuba just adopted by the Senate and scheduled for passage by the House on Monday.

Even if the American people can be persuaded to believe it is a strongly worded resolution, the Soviets can read English, too. For the resolution virtually accepts the Soviet occupation of Cuba and fails to recommend that the violation of the Monroe Doctrine, already committed by the Soviets by sending military forces to Cuba, be immediately challenged.

It says instead that the United States will by military force prevent "the Marxist-Leninist regime in Cuba from extending by force or the threat of force its aggressive or subversive activities to any part of this hemisphere."

It may seem logical to call all persons "extremists" who believe in resoluteness when dealing with the Communists, but, unfortunately, history shows that appeasers and pacifists are too often the very people who bring on war with all its horrible consequences.

Anthony Eden witnessed—as a protesting bystander—the Munich crisis of 1938 when appeasement led to World War II. He happens to have written an article for the current issue of "Foreign Affairs Quarterly," in which he makes this comment:

"The consequences for the free nations of sponsoring a solution which is not itself just can be grave; a little present ease may be gained, but probably at the expense of greater trouble thereafter. In the history of the last 30 years it has not proved wise to seek to assuage excessive appetites by unjust concession."

Counsel Called Unwise

The events of the past few weeks reveal that President Kennedy has yielded to the unwise counsel of his advisers and announced that to him a violation of the Monroe Doctrine means only a military offensive against any country in this hemisphere, and that he prefers to wait for such a contingency before taking any action. This means that he will not resist the Soviet encroachment that has already taken place in Cuba and is not prepared to undertake a naval blockade of Cuba—either alone or with other nations—or take steps of a military nature to assist the Cuban people to recover their government and their freedoms.

The resolution put before Congress by Administration leaders was, after some amendments, finally agreed to by both parties. Its opponents concluded it was the best they could get now, and that action will be up to the President anyway, as he already has the authority to use force either in support of the new resolution or of the original Monroe Doctrine.

But the resolution publicizes a concession to Russia. It confirms the view that has been developing in Administration circles recently—that the President construes the Monroe Doctrine

today differently than it has ever been interpreted before.

The appeasement psychology has been stimulated by the argument of expediency. It has been insisted that, after America entered two world wars and when this country established bases overseas afterward, it gave up the Monroe Doctrine. This illusory argument is borne out by the facts of history.

President Wilson, for instance, persuaded our Allies of World War I to include in the Versailles Peace Treaty and the League of Nations covenant itself a provision which specially recognized the Monroe Doctrine as continuing. So does the United Nations Charter validate "regional arrangements."

President Truman, in a speech on Navy Day, Oct. 27, 1945—just after World War II had ended—restated American foreign policy in a series of points. Among these were the following:

"We believe that all peoples who are prepared for self government should be permitted to choose their own form of government by their own freely expressed choice, without interference from any foreign source. That is true in Europe, in Asia, in Africa, as well as in the Western Hemisphere."

We believe that the sovereign states of the Western Hemisphere, without interference from outside the Western Hemisphere must work together as good neighbors in the solution of their common problems.

Essence of Doctrine  
This warning against "interference from outside the Western Hemisphere" is the essence of the Monroe Doctrine. For more than 135 years, the U. S. has pledged that it would consider any attempt on the part of European powers to "extend their system to any portion of this hemisphere as dangerous to our peace and safety." The declaration adds:

"We could not view any interference for the purpose of opposing them (Latin American countries), or controlling in any other manner their destiny, by any European power in any other light than as the manifestation of an unfriendly disposition toward the U. S."

The latest Congressional resolution, however, while taking note of the fact that the Communist system already has been extended to Cuba, doesn't denounce the Soviets. The U. S. is evidently pledged only to prevent extension of Communist operations to other Latin American countries. This is an important concession to the Moscow government which now can take over Cuba completely as a military base without risking any military retaliation from this country. In that sense, the main part of the Monroe Doctrine has been brushed aside.

Viewed as Retreat  
Moscow will regard all this as a retreat and, as happened with Hitler, successive retreats by the West could embolden the aggressor and bring on the war that the American people do not want but again may have to face as England did when concession after concession was made to the Nazi dictatorship, and the enemy misconstrued temporary irresolution as an unwillingness to fight at all. (Reproduction Rights Reserved)

Trucks? 400,000 of those;

8,000 marine diesel engines and 100,000 railroad wheels and axles in case any of the rolling stock broke down on the Russian railways. Oh yes, 50,000 of these amazing 4-wheeled ruffians, 500,000 tons of rails and 600,000 tons of chemical products, including much medicine to keep Russians alive.

Add to this 35,000 motorcycles, 400,000 field telephones and 150 million yards of cotton and wools. The Russians complained that the trucks and Jeeps needed rubber, so Uncle Sam sent 17,000,000 tires. They wanted telephone wire to go with their field telephones, so 1,250,000 miles of it was sent.

Their soldiers were without boots, so we—who were busy with our own war effort—shipped 15,000,000 pairs. Almost everything sent was shipped from eastern U.S. ports to Great Britain and, from there, along the northern route to Murmansk. My brother-in-law, Emil Steencken, was one of thousands of American sailors who volunteered to man these ships.

The German U-boats and JU-88's used to wait for these slow, heavily laden ships near North Cape, Norway. This is in latitude 71 north. There was no other way

to Murmansk except around that cape, and the Germans picked off the rusty freighters at leisure. When a ship was sunk, destroyers looked for survivors at high speed. It was a pointless task, because, in 60 degrees below zero, a sailor couldn't live for more than three minutes. The other day, I asked Emil about it. He is a giant of a man and he seldom frowns.

"Don't mention it," he said. "When we made port, with guns and ammo and food, the Russians told us we could stretch our legs on one side of the street, but not the other. I got mad. I said 'What the hell's going on on the other side of the street?' The Russian soldier in said 'No.' I wish we had said no to them a few years earlier."

J. Edgar Hoover, in his "A Study of Communism," says that the bill for the items the United States sent to the Soviet Union amounts to \$11,141,470,000. This is the greatest debt of all time. It comes to \$171 apiece for every working person in this country. Thus, Emil Steencken not only delivered the goods, but must help to pay for it.

## Questions and Answers...

Q—Do land grant colleges exist in all states of the Union?

A—Yes—there are 68 land grant colleges or universities, at least one in every state and one in Puerto Rico.

Q—What is the origin of the word "bedlam?"

A—It comes from the name Bethlehem, which was applied to an old hospital for the insane in London.

Q—What is a cresograph?

A—An electrical device by means of which the growth of plant life may be watched.

Q—What country has the greatest length of inland waterways?

A—Finland—31,000 miles.

Q—How many lives were lost at the battle of Gettysburg?

A—Union and Confederate losses totaled approximately 51,000.

Q—When did postage stamps go on sale for the first time in the United States?

A—July 1, 1847.

Q—What accounts for the movement of the magnetic North Pole?

A—Scientists believe that the magnetic pole—the point where the compass loses its directive force—is found inside the molten core of the earth.

Q—Who is said to have introduced shaving into Greece?

A—Alexander the Great.

### Finding Aptitude For Right Field Important to Youth

LAKE PLACID, N.Y. (AP) — American ideas of social status and personal prestige must be revised if the country is to realize all of the potential benefits of industrial and technological progress, a college president said today.

Dr. Richard G. Folsom, president of Rensselaer Polytechnic Institute, said excellence of per-

formance rather than the type of work must determine rewards of prestige and earnings.

"When we do, young people will no longer be made to suffer the heartbreak and frustration that comes from trying to educate themselves for a profession for which they have no special aptitude," Folsom said.

"I have seen too many young men settle for becoming mediocre engineers when they could have become brilliant technicians," he said.

Folsom made the comments in

## Letters to the Editor

Letters to The Editor must bear the name of the writer and communications must be limited to 300 words free of libel and personal attacks upon individuals as such. Only original communications addressed to The Freeman will be printed.

September 20, 1962  
Appalachian Parkway  
Editor, The Freeman  
Dear Sir:

In the Freeman of Sept. 14, under matters taken up by the Ulster County Board of Supervisors, mention was made of the intention of Supervisor George M. Barthel of Wawarsing to introduce a resolution shortly to join in an extension of the Appalachian Parkway along the top of the Shawangunk Mountains, which extend from Port Jervis to Rosendale.

If the Appalachian Parkway is to come through this area, and a truly scenic, mountain top road is what is wanted then thought should be given to running it where such scenery really exists —our famous Catskill Mountains, —and not the Shawangunk ridge, which is just a low-lying foot hill at the Catskills, rising out of nothing at Port Jervis and dwindling back to nothing at Rosendale. Dumping this highway down in the Rosendale-Kingston area would only add confusion to a locality already overwhelmed with roads. Considering the present tangle around Kingston where would you put the thing?

Such a highway could cross the Delaware north of Port Jervis, where high bluffs on both sides are truly scenic, and then run up through the Catskills in the general direction of Monticello-Claryville-Phoenicia, to come out high above the Hudson River valley opposite Catskill. This is the logical route to connect with the Berkshires and the mountains of the New England states. Not only would there be a glorious view of the Hudson valley from the mountain

heights, but the view of the mountains themselves seen from east of the river where this road would run is the most impressive view one can get of the Catskills.

If we are going to show people our scenery let us show them our best, and not let strictly local interest divert such a project to a lesser route.

Very truly yours  
ALBERT E. MILLIKEN  
Lt. Col. USAF—Ret.

### Death of Girl, 2, Is Attributed to Poison

ROCHESTER, N.Y. (AP) — A two-year-old girl who died Sunday was the apparent victim of accidental poisoning, the Monroe County medical examiner's office says.

The office issued a certificate of accidental death Thursday for Brenda Rutledge, daughter of Mr. and Mrs. Richard Rutledge of Rochester.

Rat poison apparently became mixed in food the family ate around Sept. 8, a spokesman for the office said.

A spokesman at Genesee Hospital, where the girl died, said that "it is conceivable that the poison, a white powder, was mistaken for flour or some other food of a similar color."

The girl's mother, Erlene, 29, was admitted to the hospital Sept. 11 in a lethargic and drowsy condition. Two days later, Brenda was admitted, and on the day Brenda died, her three-year-old sister, Betty, was brought in.

The family dog died around the time of Mrs. Rutledge's entry into the hospital, and was destroyed before poisoning was suspected as the cause.

## New Missile Base In Cuba Could Menace Shipping

By FRED S. HOFFMAN  
WASHINGTON (AP) — A new missile site on Cuba's northeast coast could threaten the U.S. naval base at Guantanamo, on the other side of the island. It also could menace important U.S. Navy shipping lanes.

U.S. officials said Thursday Russian technicians have set up a missile site near the town of Banes. They likened it to Soviet coastal defense installations and said it is believed designed for anti-shiping missiles.

Such missiles, in the surface-to-surface class, could be aimed against such targets as Guantanamo and the warships that anchor in its harbor.

Officials spoke of a probable range of 20 to 35 miles for the missiles. Guantanamo is about 20 miles southeast of the Banes area.

Much U.S. Navy traffic passes along Cuba's north coast on routes leading to Puerto Rico where the Navy and Marines maintain important bases.

This traffic stays well outside the three-mile limit and could go further out in the Caribbean, if necessary.

Official pinpointing of the new missile site near Banes tended to support Cuban underground reports of a possible move by the Castro government to build a naval base near Banes, which is on a big bay much like Guantanamo's.

Sources in contact with the Cuban underground told a newsman several days ago the Castro government has been removing families from a region near Banes.

It would be logical to emplace missiles to defend a naval base from possible attack.

The Cubans have been getting modern pedo boats — armed

## Murdered Albany Man Leaves Estate to Widow

PHOENIX, Ariz. (AP) — The will of Samuel L. Resnick, retired Albany, N.Y., jeweler who was strangled to death last March in the desert near Phoenix, was admitted to probate Wednesday by superior court judge George Sterling.

No estimate of the estate value was made.

All of Resnick's belongings, except some shares of stock in a jewelry company, were left to his widow, Mrs. Lillian Resnick.

The unspecified amount of stock is to be divided equally between Mrs. Resnick and a son, Martin Resnick, Los Angeles.

Judge Sterling also presided over the trial of five men accused in what was called the kill-for-hire slaying of Resnick.

Four of the men were given life terms in prison and the fifth was acquitted. The defendants claimed Resnick paid them to kill him. The five men said Resnick told them he was suffering from an incurable cancer.

### Apt Definition

COLUMBUS, Ohio (AP)—Capt. Donald H. Osterhout of Lockbourne Air Force Base had a bad moment Thursday on a television show for children.

He was to talk about a "kid's day" open house at the base, when Julie Graber, 4, a guest on the show, rose and announced: "I know what a sonic boom is."

Osterhout flinched. He flies a 1,500-mile-an-hour F101 jet fighter and is well aware of Air Force problems in convincing the public of the need for the sonic booms.

Then little Julie gave her definition: "It's a noise an airplane makes when it's defending the United States of America."

with missiles estimated to have a range of up to 17 miles — from the Soviets.

## Disappointing Session

# Trade Bill Is Only Congress Landmark

WASHINGTON (AP)—President Kennedy and his party can point to the trade expansion bill as landmark legislation, but otherwise the record of the 1962 Congress is disappointing to many Democrats.

This was the private view expressed to a newsman today by a number of Democrats working on the appeals they plan to make this fall to voters.

Several said frankly that they will be talking more about what Congress did last year than in the session now inching to a close.

While there was unanimity that the far-ranging trade bill will give this Congress a place in the history books, there even was dissatisfaction with the handling of this legislation.

Some members said the administration underestimated the basic support for the bill, particularly among leading business elements, and thus wasted too much ammunition on it.

"If they had just saved a little of that effort for the health care for the 'aged bill,'" said one senator.

The trade bill cleared the Senate 78-8 Wednesday and awaits virtually certain final approval in conference. The House passed the measure by a big vote in June.

The health care proposal was beaten in the Senate 52-48. Its sponsors figured a switch of one vote could have saved it because at least one Democratic senator who voted no had pledged to go the other way if his position were decisive.

The White House also devoted much of its effort in the 1962 ses-

sion to Kennedy's big tax revision and succeeded in saving its most important feature.

This is the investment credit provision designed as a \$1 billion incentive to American companies to modernize their plants.

As in the case of trade, many Democrats insist this bill has no broad political appeal and even is a liability in some respects.

Sen. Hubert H. Humphrey, D-Minn., and other Democratic leaders insist the present session will wind up with a respectable record.

They point to measures signed into law—manpower retraining, expansion of the Peace Corps, the \$900-million public works bill, and the legislation aimed at rehabilitation of persons on the public assistance rolls.

### Just Teddy's Brother

HARRISBURG, Pa. (AP) — President Kennedy evoked a roar of laughter at a fund-raising dinner of Pennsylvania Democrats Thursday night when he said he would introduce himself.

"I am Ted Kennedy's brother," he said.

Edward M. (Ted) Kennedy won the Democratic senatorial nomination in Massachusetts Tuesday.

### Bogus Bills Bared

BOSTON (AP) — The Secret Service said Thursday night more than a score of counterfeit \$50 and \$100 bills have appeared in the past week at New England race tracks and shopping centers.

Counterfeit bills also were used to obtain money orders at Lawrence and Salem, Mass., and Biddeford, Maine.

## Lions Announce Activity Leaders

Committee chairmen for the coming year's activities were announced at the Monday night meeting of the Saugerties Lions Club by its president, Frank Costello, when the organization met at Schoentag's Hotel on Route 9W. Assigned to specific duties were Frank Greco, attendance; Stuart Buchanan, finance; Henry Breitenbach, membership; Joseph Bisceglia, program; Louis P. Francello, constitution and by-laws; Dr. Rodney Ball, Lions information; John Kerns and Fred Mautrillo, convention; James Dargan and Albert Giannotti, sight

conservation and work for the blind; Vernon (Joe) Benjamin, boys and girls; Joseph Crotty, citizenship and patriotism; William D. Brinnier, United Nations; Ben Fein, public relations; Glen Gentner, bulletin; Andrew Vozik, civic improvement; Joseph Bosco, community betterment; Donald Beckert, Steve Stykos and Stuart Buchanan, scholarship and education; Dr. Harold Bauser, health and welfare; Peter Stoly and Kenneth Harder, safety and agriculture. Attorney Louis P. Francello, as member speaker of the evening, chose as his topic, "How Strong the United States Really Is." Next Monday's meeting will be held at the Exchange Hotel, 6:30 p. m.

## Parent Meeting To Discuss Higher Education Plans

A meeting for parents of Saugerties High School seniors interested in pursuing advanced education will be held by Miss A. Frances Larned, director of guidance, in the auditorium of Saugerties High School, Washington Avenue Extension at 7:30 p. m., Thursday, Sept. 27. Miss Larned will provide information concerning admissions policies and procedures, admissions tests, scholarships, Scholar Incentive Awards, loan programs, and related topics. Considerable duplicated material concerning attending college will be distributed to parents to help them in assisting their college-bound children. Questions will be welcomed at the conclusion of the discussion.

## Student Is Heard By Rotary on Costa Rica Living

Rotary club of Saugerties held ladies' night Tuesday, Sept. 18 at the Stonewall Hotel. A dinner and program provided for the members and their wives made up one of their best meetings of the year. After dinner Miss Dorothy Haeussler, Rotary's student in experiment with international living, gave a very entertaining and educational talk on her experiences in Costa Rica and Guatemala. Miss Haeussler then showed slides depicting her adopted Costa Rica family, their home and various points of interest in both Costa Rica and Guatemala. The detailed and relaxed presentation captivated her audience as they relived her eight week adventure. Every Rotary member was obviously very proud of Miss Haeussler and felt well rewarded by their first foreign student program.

## Methodist Rummage Sale Stated Two Days

Friday, Sept. 28 from 6 to 9 p. m. and Saturday Sept. 29 from 9 a. m. to 5 p. m. is the time set for the rummage sale held by the WSCS of the Saugerties Methodist Church at Odd Fellows Building on Main Street. Mrs. John Thompson has scheduled members to be at the sale to assist customers. Mrs. Wells and Mrs. James Hutton will arrange the display of items. Mrs. Ray Quackenbush may be reached by phone if anyone has articles to be picked up. Mrs. Milton Armstrong, Mrs. Donald Gibson and Mrs. George Hildebrandt will help Mrs. Quackenbush with this service.

## Soften Sugar

Restore softness to caked brown sugar by steaming it in a double boiler or putting it through a meat grinder.

## Altar Society Has Busy Program Set for Future

Two new members, Mrs. Ann Farris and Mrs. Lillian Ryan, were welcomed into the Altar and Rosary Society of St. John's Church, Veteran, when the first meeting of the fall season was held Tuesday night. There were 43 other members present at the meeting which was presided over by Mrs. Pauline Wolfe, the new president.

The Rev. Daniel Daley, moderator, spoke to the members about the funds received to date for the Cardinal's Campaign and reminded those who had pledged donations to bring their accounts up to date. He stated that the funds on hand which are not being immediately used draw interest which increases the fund and negligence on the part of the contributors causes loss to the ultimate goal.

Father Daley also informed the members that there is a good possibility that Confirmation will be held at the church in November depending on the availability of the bishop.

Members of the society are expected to attend the 8:30 Mass at St. John's Church Sunday in a body to receive Holy Communion.

Mrs. Wolfe announced that there will be a cake sale on Sunday, Oct. 14, after all Masses at the church in Quarryville and Veteran. Proceeds will be used for articles used by the altar boys.

It was also announced that the cancer pad project will be continued this year.

Marge Resigl was named program chairman for the coming year.

Evelyn Pranis was the recipient of the gift of the evening.

## Zoning Board Denies Petition In Saugerties

An appeal for a variance on the property of Mr. and Mrs. Abraham Van Steenburgh of Burt Street, Saugerties for the purpose of conducting an open fruit and vegetable stand in front of their home was denied by the Saugerties Village Zoning Board at a special meeting in the village clerk's room Thursday night.

G. Thomas Rea, attorney for the petitioners asked the three man board for permission for his clients to conduct their business from a collapsible stand between June 15 and Nov. 1 of each year as a service to the people in the area as well as for the benefit of the young son of his clients who attends the stand during his vacation period. A petition containing 25 names of residents in the immediate vicinity was also presented showing no objection to the business.

The zoning law of the village says that no open stand may be operated within the village limits and Albert Gianotti, president of the board, in announcing the decision said that it was a split vote on the part of the board but that the majority voted to uphold the zoning law.

Clarence Lynke and Lewis Robinson are the other members. George Terpening Jr., zoning ordinance enforcement officer was also present at the meeting.

## Avoid Nervous Gestures

You spoil your attractive appearance when you fidget with your hands. Nervous gestures, such as twisting your hair and patting your face will mar your coiffure and complexion and are not pretty to watch.

## Havana Releases Pair

HAVANA (AP)—A Cuban man and wife employed by U.S. news organizations were released Thursday after 11 days in custody. They said officials told them their arrest was a mistake and apologized.

Raul Casanas of the New York Times and his wife, Sarita Valdez of the National Broadcasting Co., were picked up last Saturday. They denied reports they had visited camps of Soviet technicians, saying they left Havana to visit a relative and were arrested at a beach restaurant.

## Police Say Father Of 3 Admits He Slew Pamela Moss

ROCHESTER, N.Y. (AP)—An intense hunt for the slayer of 14-year-old Pamela Moss has ended, investigators say, with the admission by a gardener that he choked and sexually attacked the girl on a dirt path.

Held in Monroe County Jail was James Robert Moore, 28, a father of three, who was picked up Thursday. He had been questioned earlier in the investigation, but had been released.

Moore had not been charged in the Sept. 6 slaying.

## Admits Other Offenses

Investigators said he also admitted raping an 11-year-old girl in a Rochester park last July, and molesting women in the Rochester area for several months. Moore, a native of Erie, Pa., took investigators to the spot—about 150 yards from Pamela's

suburban Penfield home—where he said he killed her.

Moore also showed investigators the route, he said, he took in his jeep as he drove the girl's body through a heavily wooded area to a spot overlooking the water-filled quarry where Pamela's half-clothed body was found Sept. 8.

On the way, he pointed out the spot where he said he had buried the girl's wallet, police said.

The spot where Moore said he killed Pamela was where the neatly-folded raincoat was found by investigators soon after she was reported missing.

According to Sheriff Albert W. Skinner, Moore's admission went like this:

He choked and sexually attacked Pamela on a dirt path near her home, put her body in his jeep, and then drove through the wooded area to a site overlooking the quarry. He dragged the body down the quarry slope and placed it face-down in the water along the water's edge.

The dirt path is often used as a short-cut through a heavily wood-

ed area to a shopping center. Pamela's father, Richard V. Moss, said he had warned her several times not to use the path when she was alone.

On Sept. 6, Pamela came home from Penfield Central High School, where she was a freshman, and said she was going out, but would be back for supper and would babysit that night. Then, she left and was not seen again. Investigators theorize that Pamela was taking the path to the shopping center and that Moore offered her a ride in his jeep.

Investigators reported Moore had done gardening work at a home next door to Pamela's, and that he knew her. His only previous involvements with police were two arrests for speeding.

## Navy SOS

NORMAN, Okla. (AP)—After losing its official chart telling the time for sunset and sunrise, the Naval Air Technical Training Center called the Norman Transcript to find out the time to raise and lower the flag.

**Do You Remember** by Sophie Miller

Several weeks ago, Tom Walsh of 37 Boulevard, collector of local historical items gave me a book called "Our National Leaders for 1904" which covers candidates for president and vice president of the U. S. A. This book is of interest locally, because Chapter X covers Judge Alton B. Parker, the Democratic candidate for president and one of our own Ulster County men.

There is much on Parker's views on the tariff, the trusts, foreign relations, the currency question and other such important matters. Judge Parker was born on a farm in Cortland, May 14, 1851. His grandfather bought the farm in 1803. When Alton was old enough he worked on the farm, and used to trot barefooted in the warm weather to the district school. When he reached his 12th year, he went to the Cortland Academy, and when he graduated he entered the State Normal School, then recently established in Cortland.

He was on his way to become a teacher, but what he really wanted was to become a lawyer. From the time he was 13 years old, and used to go to the county seat when his father was on jury duty he became interested in the excitement in the court room.

Alton B. Parker was only 16 year old when he first taught at Virgil in his native county. From there he went to Binghamton to teach public school. He saved enough money to finally complete his Normal School course. Then he came to the Town of Rochester in Ulster County where he was made the principal of the public school until he saved enough to enter Albany Law School, from which he graduated in 1872.

Then Alton Parker entered the law office of Schoonmaker and Hardenbergh, in Kingston, as a law clerk, and was soon afterward admitted to the bar.

Oct. 16, 1873, Alton Parker married Miss Mary Lee Schoon-

maker, whom he met when he was teaching at Town of Rochester, near Kingston. Then he formed a law partnership with W. S. Kenyon which continued until 1878. From then Alton B. Parker climbed a long and illustrious career. In 1885, after the death of Judge T. R. Westbrook of Kingston, Governor Hill appointed Mr. Parker, Justice of the Supreme Court in the Third Judicial District, and in 1886 he was elected for the full term of 14 years, there being no opposing candidate.

According to this book, the "study of law amounted to a passion, and he was never happier" than when in deep research in his magnificent library. Judge Parker was a handsome six foot tall athlete, and enjoyed outdoor life at his 90 acre farm in Esopus, overlooking the Hudson River. He worked right alongside of his men in the fields. He had three farms, one at Cortland, one at Accord and a third at Esopus. His home in Esopus was of wooden structure but on a stone foundation of a Dutch house of colonial times. He had a happy family life and was surrounded at his evening meal with his wife, mother, brother, daughter, son-in-law and grandchildren and guests and neighbors who happened to drop in.

His day started at half-past six in the morning at which time he made his rounds on horseback after partaking of just a cup of coffee without sugar. Then he would eat a breakfast usually of fruit, oatmeal, porridge, beefsteak or sausages or bacon and eggs, with buckwheat cake, maple syrup, hot corn bread and two cups of coffee then he attended to his law practice.

**Oppose Taconic Park Plan, See Loss of Taxation**

The Taconic State Park Commission is negotiating to buy about 200 acres of land bordering the Hudson River at Staatsburg to connect Margaret Lewis Norrie State Park and the Ogden Mills and Ruth Livingston Mills Memorial Park, according to Paul T. Winslow, general manager of the commission.

Winslow said that if the commission can buy the land, it would fill in the gap between the south end of the Mills Park and the north end of Norrie Park, and both parks could be developed.

Meanwhile, Hyde Park Town Council members protested the purchase proposal, contending it would mean a loss of revenue from taxes. The council also contended the transaction also would result in a loss of revenue for the Staatsburg fire district.

A town councilman estimated the town of Hyde Park would lose \$50,000 from its tax roll if the state acquired the 200 acres, but Winslow said the town would be reimbursed by the state for the loss.

**Burning Leaves Health Hazard, State Warning**

ALBANY, N.Y. (AP) — Don't burn leaves, the State Health Department says.

The smoke from burning of leaves, a traditional fall pastime, is a source of air pollution and a health hazard under all weather conditions, the department said Thursday. The smoke irritates the respiratory tract, a spokesman pointed out.

The department's Air Pollution Control Board recommended that leaves be given to trash collectors for disposal or allowed to decay for use as fertilizer.

**To Have Hearing On Phone Rate Raise for \$23,000**

ALBANY, N.Y. (AP)—The Public Service Commission said today it would hold two public hearings next month on a proposal of Western Counties Telephone Corp. to raise its rates by about \$23,000 a year.

The hearings will be in Elmira (Chemung County Court House, 10 a.m.) Oct. 16 and Batavia (Genesee County Court House, 10:30 a.m.) the following day.

The company had planned to increase the rates Sept. 1. The PSC blocked the increase, pending a study of the firm's financial position.

Higher rates were asked for three of Western Counties' four exchanges. The proposal:

Marathon exchange — about 1,000 subscribers in and near Marathon, Cortland County — single-party residential rate, up 25 cents; rural multi-party residential, up 10 cents.

Spencer — about 900 subscribers in and near Spencer, Tioga County — residential-rate increases ranging from 25 cents to \$1.50; business rates up by either \$2 or \$2.50.

Corfu — about 1,200 stations in and near Corfu and Darien, Genesee County — residential-rate increases ranging from 50 cents to \$2.60; business - rate increases ranging from 60 cents to \$3.35.

No increases were proposed for the company's Dundee exchange, which serves about 1,900 subscribers in and near Dundee, Himrod and Tyrone in Yates and Schuyler counties.

**Was Real Monkey**

BUFFALO, N.Y. (AP)—Patrolmen Roy G. Fredericks and William J. Varella were not monkeying around Thursday when they messaged their radio dispatcher that "we have a monkey under a car."

"Car seven, will you repeat that please," the dispatcher asked.

The patrolmen repeated the message. Then, after learning the monkey's name, coaxed it from under the car and brought it to the home of its owner.

**Concert Set Nov. 16**

ROCHESTER, N.Y. (AP)—The

Rochester Philharmonia Orchestra, a student ensemble from the Eastman School of Music, will

make its New York City debut Nov. 16 in Carnegie Hall. The philharmonia was praised

widely last spring during a lengthy European tour which included a month in Russia.

By Roger W. Babson

### BABSON ADVISES YOUNG PEOPLE

BABSON PARK, Mass., Sept. 20 —By this time a good many of last June's young graduates will have finished their vacations and summer "fill-in" work and will be tackling permanent new jobs in earnest. On the basis of my more than fifty years in active business, let me give them some good advice.

#### Keep Out of Debt

If you borrow some money temporarily on your personal note, be sure you have enough cash on deposit at all times to be able to pay it off. We are living in very uncertain times. The entire world is in an upheaval. It is an important time to keep out of debt—until the present Russia-Kennedy financial storm blows over...which it will. Don't let talk of inflation scare you during the next few years. We will always have some inflation, but it will do no harm if we can avoid World War III. Take out some life insurance—straight life, 20-payment. If our dollar holds up for twenty years, all will be O.K. If our dollar declines, you can use the low-cost dollars to make your payments. So, in the end, it will average out.

**Never Endorse a Note of Another**  
You have friends and neighbors who will ask you to endorse a note for them, arguing that such action would "cost you nothing" but that it would be a great favor to the maker of the note. I heard a sermon once on a text from Matthew, Chapter 25, Verses 33-37. It has saved me much money and much trouble. When selling property, I will warrant the title against any "cloud" occurring during my ownership; but will never give a full warranty going back to the Indians!

When you give your own note, you can get out of it by paying same. If you have bought something which you know is a losing proposition, you can sell it and take your loss with Uncle Sam. But when you endorse a note, the note goes to a bank or to some third party and passes entirely out of your control. The endorsement may hang over you for years. Endorsements have no time limit! Beware of them!

#### Buy a Little Stock

If the stock of the corporation for which you are going to work is listed on the New York or the American Stock Exchange, buy one share of it each month and have it registered in your name—not in your wife's name. If the stock is selling for more than you can afford to pay each month, buy a share once every other month; but buy it regularly and systematically.

If the stock is not listed, buy a

share of the stock of one of your local banks each month. You can tell the treasurer or some other officer of the bank that I have advised you to do this; he will get the stock for you. Have the stock issued in your name so you will get the dividends. This system will make you a profit; but, more important, it will give you a good reputation as a substantial citizen. Be well thought of now and it will give you credit later if you want to start a business of your own.

#### Be Careful When You Write

It is a good rule to be careful always about what you put into writing. In fact, it often helps to have someone else's opinion on your material. Although I have been writing this column once a week for many years, it is always checked very carefully by a most able employee of mine. So let me suggest that, even when you are taking on a new job, you should not be ashamed or embarrassed to ask someone in your office to look at work you are doing and advise you.

Use the telephone whenever possible. Never criticize anyone in a letter unless you carry liability insurance. Even when thanking or congratulating people, I often "say it with flowers." Sometimes you hate to refuse a request; but you can often save both money and a friend by going to a nearby florist and sending some flowers. Greeting cards are also wonderful

**RINGER**—Teen-age beauty of the San Blas Islands of Panama displays a pure gold nose ring among other status symbols such as saucer earrings, a necklace of coin and large rings on each of her fingers.

investments to use freely—for birthdays, Christmas, New Year's, and for "sympathy" messages. Be careful about congratulating friends and relatives when a new baby comes into a family or it may be named for you!

### BRIDGE

#### East and West Hold Points

BY OSWALD JACOBY

Written for Newspaper Enterprise Assn.  
The last hand of the fifth session of the World Championship match produced a seven point swing for America and left us only nine International Match points behind.

East and West each held 11 high card points, but there was no way for North and South to keep them from 11 tricks at either spades or diamonds.

Bobby Nail opened the West hand with one spade. He had only 11 high card points but the singleton makes the hand worth 13 playing points. There are two defensive tricks if the opponents take the bid away and he has two of the three top honors in his spade suit.

Lew Mathe got Bobby to four and he lost only two tricks—one each in hearts and clubs.

The Italian West chose to pass and East opened with a weak two diamond bid. South overcalled with two hearts and had West shown his spades Italy

might have also reached the spade game, but West selected a four diamond bid.

East could go no further. His partner had passed originally and he passed and made his four diamonds, plus one over-trick.

# Today's Business Mirror

By SAM DAWSON  
AP Business News Analyst

NEW YORK (AP)—The world's tariff walls won't come tumbling down overnight. As Congress puts the finishing touches on a sweeping grant of powers to the President to work toward freer trade, the key word today still is bargaining.

The President will have power to bargain with the Common Market and England and Japan. The goal is to lower, perhaps abolish in time, their tariffs or quotas or other restrictions on the admission of American goods. In return, the bargain would include similar lowering of barriers or penalties

in this country on the admission of foreign goods.

**Long Slow Process**

Such bargaining is usually a long, slow process. It can go on, industry by industry, item by item, for many months or even for years.

Tariffs are only one of the walls that nations raise against others' goods. After the war, most European nations put strict quotas on the amount of American goods, item by item, that could enter. They also imposed currency restrictions that made it hard or impossible for an American manufacturer to get his money back in dollars or other currencies.

Quotas and currency barriers have been falling steadily in recent years. But some still remain.

The United States in turn has many trade barriers still. These range from strict quotas and allotments on importation of sugar, to tariffs that can be raised when domestic manufacturers show they are being hurt by foreign imports. This provision, though modified, is still in the bill.

Also, we have trade agreements with some countries whereby they send here only a certain volume of particular products, to leave a major percentage of the market to American industry.

**Much to Bargain About**

Both the United States and the Common Market have plenty on which to bargain.

What Congress is giving the President is the power to do this bargaining, more power than his predecessors ever had. The expectation is that the Common Market and others will see enough advantages to themselves in freer trade to reach agreement with the United States along these lines. If all sides are the gainers, the resulting greater economic health of the non-Communist nations will weigh heavily in any future conflict with the Reds.

The very fact that the President will have power to make such deals will make the Common Market more willing to enter into bargaining sessions.

But in every case the special interest of various American industries and agriculture will remain. Many trade barriers, therefore, may be slow in coming down, or may be lowered only gradually.

The President's triumph in getting these powers is unquestioned. But the final bargains may be some distance away and far from being a sure bet—either on our side or the Common market side.

**Technical Writers Meet New Officers**

New officers were introduced this week during a meeting of the Mid-Hudson Chapter of the Society of Technical Writers and Publishers.

Pat F. Santarelli, New Paltz, was retained as advertising manager of the Data Link, the Chapter's newspaper.

The new officers include: Austin C. Farrell, Fishkill, chairman; Samuel B. Lee, Wappingers Falls, first vice chairman; Mrs. Nancy H. Young, LaGrangeville, second vice chairman; Paul J. Nelson, Stormville, secretary and Lindsay L. Hopper Jr., Hyde Park, treasurer.

Edmund F. Boomhower, Poughkeepsie, will continue as editor of the Chapter newspaper.

## Mettacahonts

METTACAHONTS—The Accord Lucky Clovers Senior 4-H Club is making plans for the coming season. Projects suggested are yeast breads and all phases of sewing. Roller skating parties, food sales and many other activities are planned. Those between the ages of 9 and 18 wishing to join may contact Mrs. Richard Pagel or Floyd Countryman Jr. for further information.

Mrs. Richard Faulkner of Lomontville was a Friday visitor of Mr. and Mrs. Michael Gates.

Mrs. Stanley Kelder entertained her cousin and other guests from Florida Monday.

Leon Simmons of East Orange, N. J. visited his sister, Mrs. Michael Gates and family.

Mr. and Mrs. John Warren of Newark, N. J. spent a week recently with their sister and family, Mrs. and Mr. Michael Gates.

Mrs. Alida Coddington of Kerkonkson was a Wednesday guest of Mr. and Mrs. Arthur Kelder.

Several friends, relatives and former neighbors of Mrs. Mary Osterhoudt went to Hyde Park Sunday to attend a surprise picnic party in her honor. The picnic, given in her honor by her daughters, Mrs. Fred Booth and Mrs. August Eltzen was held on the lawn of the Eltzen home. Attending from this area were Mr. and Mrs. Leslie Osterhoudt, Mr. and Mrs. Arthur Kelder, Mr. and Mrs. Kenneth Rider, Mr. and Mrs. Irving Goldman, Mrs. Belle Kelder, Mrs. Clarissa Hogan, Miss Beverly Christiana, Bruce Schoonmaker, Mrs. Hilda Clark, Jacob Baker, Mrs. Beatrice Hangan, Leroy Baker, Mr. and Mrs. Kenneth Baker and daughters Carol and Martha.

## Troop 12 Corps Reviews Season, Announces Plans

Boy Scout Troop 12 Drum and Bugle Corps, better known as "The Indians," completed a successful summer season, appearing in parades in Kingston, New Windsor, Cornwall on the Hudson, Tarrytown, Saugerties, Port Jervis and Monroe.

The Corps also made appearances with its new marching and maneuvering drill in Johnstown, Rhinebeck and Kingston, and will compete in the Hudson Valley Drum Corps Association competition at Danbury, Conn., next month. Their last parade of this season will be in the Holy Name Society Parade to be held in Hackensack, N. J., on October 14.

Plans for the near future include learning eight new musical scores and retaining six of their most popular numbers. The new drill routine will be improved upon and added to with the hopes of entering some marching and maneuvering competitions next year, and having an outstanding show to present at the next National Boy Scout Jamboree to be held in 1964 at Valley Forge, Pa. Another goal is the possibility of appearing at

## the New York World's Fair in 1964.

At present there are openings in the drum line, bugle section and color guard of the Troop 12 Drum and Bugle Corps. Boys between the ages of 11 and 16 years, interested in being a participating member should attend one of the meetings in the very near future.

Rehearsals are held every Monday between 6:45 and 9 p. m. at Troop 12 meeting room of Old Dutch Church, Fair and Main Streets.

## Canadian Is Winner Of Catholic Medal

OLEAN, N.Y. (AP)—A Canadian professor of philosophy is this year's recipient of the Catholic Action Medal of St. Bonaventure University, awarded annually to outstanding laymen.

Dr. Charles De Koninck of Laval University in Quebec was announced Thursday as the medal winner by the Rev. Francis W. Kearney, OFM, president of St. Bonaventure.

De Koninck will be presented with the medal at St. Bonaventure on Oct. 4 the day of the Feast of St. Francis of Assisi, universal patron of Catholic Action and founder of the 750-year-old Franciscan order, which conducts the university.

## Roxbury Area Man Is Killed by Tree

ROXBURY, N.Y. (AP)—Jakob P. Ortnier, 57, was struck and killed Thursday by part of the trunk of a tree he was felling on his farm near this Catskill Mountain village.

Investigators said the trunk apparently split as the tree was being cut down. Half of it fell on Ortnier.

## Would Require 70MPH Regulators On Automobiles

ALBANY, N.Y. (AP)—A legislative committee on highway safety is considering a proposal to require speed regulators on all automobiles to limit their top speed to 70 miles an hour.

The Joint Legislative Committee on Motor Vehicles and Traffic Safety will conduct a public hearing in Buffalo Monday on the proposal and other suggested legislation.

Sen. Edward J. Speno, committee chairman, said Thursday that the committee had not decided whether to support speed regulators for cars.

Other proposals to be considered at the hearing included: Legislation to ban sharp projections, such as ornaments, on new cars sold in the state.

Establishment of standards for tires and a prohibition on sale of tires that did not meet the standards.

Legislation to require that tractor-trailers carrying gasoline and other flammable fluids be equipped with devices to prevent jacking.

The last proposal is aimed at preventing such accidents as the crash of a propane-gas truck in July that took 10 lives in Berlin, Rensselaer County.

## Record Flight For Area Pigeon

A pigeon owned by Manfred Thiele of Bloomington has flown the 150 air miles between Syracuse and Port Ewen in one of the fastest times ever recorded in U. S. pigeon racing history.

The bird was clocked at an amazing 2578.501 yards per minute.

In second place was a bird owned by George D'Angelo of Port Ewen at an average speed of 1469.928 yards per minute. George Caddy's bird placed third with an average of 1464.928 yards per minute.

Cecilia Buckman of Kingston had the winning bird in the junior division with an average speed of 1431.011 yards per minute.

Runners-up were birds owned by Vince Marese, Marlborough, 1360.950, and Charlie Freer, Kingston, 1301.456.

A 200-mile race from Andover, N. Y. is scheduled Sunday.

## Kennedy Lashes GOP Record in Harrisburg Talk

HARRISBURG, Pa. (AP) —

President Kennedy is back in political fighting form and ready to follow up his first 1962 campaign sortie into Pennsylvania with another into West Virginia.

Kennedy slashed at the Republican record and called for strengthened Democratic support in Congress before 10,000 partisans Thursday night.

The American people, he said, will determine in the Nov. 6 election "whether we are to step up the progress already made or return to deadlock and drift."

### Hasn't Lost Touch

It's been more than a year and a half since Kennedy has done any real, out-in-the-open campaigning. Obviously he hasn't lost his touch.

He started in as soon as a helicopter from Washington lowered him onto the Harrisburg airport. It was chilly and cloudy in the late afternoon, but the President had a sunny smile for a welcoming crowd that the state police estimated generously at 3,000.

He did some handshaking and made a little talk. "Eighteen months ago," he mused, "I used to do this six times a day, but I haven't done it for a long time, and we start today, and most appropriately in Pennsylvania, on the fall campaign of 1962."

The President figured that Pennsylvania support made possible his nomination and election to the presidency—he carried the state by 116,000 votes and the country by 113,000.

### Wheeling Next Port

Andrew T. Hatcher, acting White House press secretary, said Kennedy's next political port of call will be Wheeling, W.Va., next Thursday. It was West Virginia which gave Kennedy a key victory in the primary along with its electoral votes in the general election.

Much of the time between now and Thursday, Kennedy will be relaxing with his family at New-

port, R.I. He flew there immediately after his appearance at the Democratic fund-raising rally here.

The Democratic State Finance Committee said it sold more than 10,000 tickets at \$100 a plate and dollars from a dinner held in an exhibition hall next to the arena where Kennedy spoke.

Kennedy sat at the head table briefly, but dined privately and talked campaign strategy with outgoing Gov. David L. Lawrence; Richardson Dilworth, the former Philadelphia mayor who is in a tough race to succeed Lawrence; and Joseph S. Clark, trying for another term in the U.S. Senate.

### Dairy Aroma Lingers

Following the Democratic dinner, the cash customers filed into the dirt-floored arena where the state dairy exposition had ended just a few hours before, leaving behind some of the aroma.

Picking up in his speech a theme of his campaign for the White House in 1960, the Chief Executive said of the Democrats "We must be committed, as we have in the past, to getting this country moving."

While he isn't on the ballot this time, Kennedy said he holds as President a great responsibility for the conduct of the nation's campaign for progress.

"And one fact," he said, "is clear beyond dispute: That this country requires, if it is to move ahead, a progressive Congress—in short, a Democratic House and a Democratic Senate."

### Murder Trial Underway

Trial of Miss Lucille Nelson, 29, formerly of 124 Main Street, Poughkeepsie, charged with second degree murder, began Thursday before Dutchess County Judge John R. Schwartz. She is accused of the butcher knife slaying of Nathaniel Cherry, 35, June 1 in their lower Main Street apartment.

## Hatfield Points To Police Gains

Police throughout New York State are being advanced toward professional standing in their communities through Republican legislative efforts, according to State Senator Ernest I. Hatfield (R-Dutchess-Putnam-Columbia).

Senator Hatfield said that the record of the last four sessions of the legislature shows that the Republican majority has improved the take-home pay, health benefits, enforcement procedures and working conditions of local policemen.

The legislator noted that local governments were permitted this year to increase the take-home pay of policemen by assuming part of their retirement contributions, meaning a seven per cent increase in pay checks. The Senator said policemen now can work outside the communities in which they reside, providing an opportunity to seek better paying jobs.

## Sept. 29 Event

Speakers Listed  
For Seminar of  
Quality Control

The third annual one-day seminar sponsored by Mid-Hudson Section, American Society for Quality Control, will be held Saturday, Sept. 29, on the Vassar College campus in Poughkeepsie.

Frank Soovajian, Kingston IBM, who is general chairman, reports that registration will be from 8:30 to 9:30 a. m. and sessions will run from 9:30 until 3:45 p. m.

Theme of the seminar is New Frontiers and Quality Technologies for Space Age Industries.

Luncheon speaker will be G. R. Lozier, director of Industrial Relations, DeLaval Corp., of Poughkeepsie. Other speakers and their subjects include: Winston C. Dalleck, Computers, Models and Business Management; Dale A. Cue, Building Company Confidence in Quality Control; Dr. John W. Gibson, The Management Challenge in Quality Control and

Dr. A. M. Ball, Some Problems in Management of Quality Assurance in Accelerated Programs.

Donald S. Holmes, V-Notch Control; Charles W. Carter, Quality Control in Textiles; John L. Kidwell, Space Age Capabilities Through Product Organization and Dr. Harry G. Romig, Pert-Pep Reliability Control Techniques Simplified.

Charles L. Barron, Factorial Experiments in Reliability; C. William Hamilton, Applications of Linear Discriminant Screening Procedures; Edwin C. Harringer Jr., Sequential Experimentation in Factorial Space and Dorian Shainin, Special Reliability Activities Necessary for Space Age Industries.

Advanced registration may be obtained through C. Potter of Poughkeepsie or John Woltz, Kingston.

## Price Correction

Chuck roast or chuck steak in the Forst's Market, Clifton Avenue and Stephan Street, advertisement appearing in Thursday's Freeman should have been listed at 55 cents a pound, not 85 cents.

Two Men Admit  
Burglary Spree  
Over 5 Counties

BATH, N. Y. (AP)—Two Dundee men have admitted a five-county string of 25 burglaries in which they allegedly stole several thousand dollars in money, equipment and supplies, authorities say.

Steuben County sheriff's deputies reported Thursday that Quentin Huston, 20, and Karl Ahlers, 29, said most of the loot was hidden in a recreational camp at Conhoben in the northern section of the county.

They were being held in the county jail here on third-degree burglary charges, but deputies said the two would be charged with grand larceny.

At the jail, they were questioned by State Police and sheriff's deputies from Chemung, Steuben, Yates, Schuyler and Allegany counties, where they allegedly committed the burglaries, starting in July.

Among items allegedly stolen were an estimated \$6,000 worth of

Religious DJ  
Is YFC Rally  
Speaker Saturday

The kick-off rally for Hudson Valley Youth for Christ will feature as speaker America's famed religious disc jockey, the Rev. John D. DeBrine of Boston. The rally will be held at the YWCA, 56 Cannon Street, Poughkeepsie and will get under way Saturday 7:30 p. m.

The Rev. Mr. DeBrine plays top tunes on his unique award winning interdenominational program, Songtime, heard weekly on 150 United States stations including Hawaii, Puerto Rico and Okinawa. The 37-year old Baptist minister received the 1959 annual American Baptist Convention national radio-TV award for his outstanding contribution to religious radio programs.

Pastor of the historic Ruggles Street Baptist Church, he directs Boston Youthtime, teenage rallies at the Park Street Church on Boston Common.

electrical supplies from a store here and an estimated \$5,000 worth of equipment from a restaurant between here and Cornwall.

### Appointed Fellow In History; Jewish Theological Seminary

Rabbi Robert L. Chazan has been appointed a Fellow in History at the Teachers Institute of the Jewish Theological Seminary of America in New York City.

Rabbi Chazan, son of Mr. and Mrs. A. J. Chazan of 39 Freeman Road, Albany, received the degree of Rabbi, Teacher and Preacher and Master of Hebrew Literature from the Jewish Theological Seminary in June.

A graduate of Columbia College, class of 1958, of which he was valedictorian, Rabbi Chazan is now continuing his studies at Columbia toward his doctorate, as a recipient of a Danforth Foundation Fellowship.

He is the grandson of Mrs. Morris Kirshenblum and the late

RABBI ROBERT L. CHAZAN

Mr. Kirshenblum of 20 Wilson Avenue. Rabbi and Mrs. Chazan reside in Riverdale, N. Y., with their son, Daniel, age two. The family recently returned from a seven weeks tour of Israel.

### Hidden Harbor Yacht Club

The sixth annual fall dance of the Hidden Harbor Yacht Club of Port Ewen, is scheduled for November 3 at the Wiltwyck Country Club. Johnny Michaels' Orchestra will provide music for dancing from 10 p. m. to 2 a. m.

The dance and decoration committees are now planning the event with committee chairman, James J. Sweeney. Tickets for the nautical program will soon be available through club members.

SAN DIEGO, Calif. (AP) — The police radio carried a call to investigate a fight at Beasley Friendly Corner—a downtown bar.

### Outstanding Art Exhibit at Paltz Gallery Announced

Ludvik Durchanek and Dan Basen, both of Poughkeepsie, have exhibits at the New Paltz Gallery now through October 7. Durchanek shows both paintings and sculpture. Most of the sculpture is hammered metal, sheet bronze, sheet copper, and sterling silver. Two are of wood, a butternut head, and a carved relief. This is an important show; many of the sculptures are major works, never before shown. The paintings, a series concerned with prison life, are on view for the first time.

Ludvik Durchanek was born in Vienna and trained in France and England in landscape gardening. In 1927 he came to this country as an exchange student. He studied art at the Worcester Museum and at the Art Students League in New York. He has held three one-man-shows at the Graham Gallery in New York. His work is in the permanent collection of the Museum of Modern Art, the Rockefeller collection, and others.

Dan Basen is a young artist now on a sculpture fellowship at the Maryland Institute of Art. He shows woodcuts, both color and black-and-white. His subject matter is the human figure. Some of these prints are shown in series pulled from the same block, but each carries a different color pattern.

Basen has exhibited at the Corcoran Museum, was given the Hamburger Award at the Maryland Institute of Art, and won a first prize in painting at the Sharon Playhouse Annual in 1962.

The New Paltz Gallery is located one quarter of a mile east of New York State Thruway Exit 18. Hours are 10:30 to 6 daily; 10:30 to 9 on Friday; and 1 to 6 on Sunday. The gallery is closed on Monday.

### Scandinavian Theme Featured at Trinity Couples Club Meeting

More than 40 members of the Trinity Methodist Couples Club attended a smorgasbord and slide program on Scandinavia Wednesday evening.

Menu items were dishes from Sweden, England and Denmark. Some of the culinary highlights included Finnish crab meat salad prepared by Mrs. F. W. Thompson Sr.; Swedish meatballs, prepared by Mrs. Roy Hassel and Danish pudding prepared by Mrs. Donald Schoonmaker Sr.

The program was presented by the pastor, the Rev. Roy A. Hassel, and Mrs. Hassel who recently visited the Rev. Mr. Hassel's relatives and toured Scandinavian countries. Pictures included views of Reykjavik, Iceland; Oslo, Norway; Copenhagen, Denmark; and Stockholm, Sweden. There was a display of recipes, Swedish glass and a Norwegian sweater as well as Scandinavian wood carvings.

The next meeting of the club will be held Oct. 17 with Mr. and Mrs. George Lowe, Mr. and Mrs. Edward Hillis, and Mr. and Mrs. Herbert Killinder in charge.

### Lithe and Lovely Printed Pattern

### SUITABLE HOUSEWARMING PRESENTS

Q—Some friends of ours recently moved into a new house. My husband and I have been invited to their housewarming party. Instead of buying the usual knick-knack, I was thinking of taking a fancy basket of assorted groceries as a present. My husband thinks that such a present would be an insult and would imply that our friends cannot afford to buy groceries. Will you please give me your opinion?

A—Even a fancy basket of groceries would not be a suitable choice for a housewarming present. A potted plant or the usual knick-knacks for the house would be better. Ash trays, for instance, are useful objects of which there never seem to be enough.

### Bride and Groom at Reception

Q—My daughter is going to be married in two weeks. There will be a large reception at a hotel following the ceremony. The person in charge of the arrangements at the hotel has suggested that the bride party wait in another room until all the guests have arrived and are seated and then walk in with their wedding attendants. I have never heard of this before and would like to know if it is proper.

A—The procedure you describe is not conventional, nor would it be correct. Properly, the bride and groom and their attendants go directly from the church to where the reception is to be held and receive the guests as they arrive.

### When Husband Wears a Tuxedo

Q—My husband and I are going to a testimonial dinner that is being given for one of his business associates. The tickets specify "Black Tie." I know this means a tuxedo for my husband, but what exactly do I wear?

A—You wear a simple evening dress and no hat.

(A Bell Syndicate Feature)

How and when to introduce people seems to puzzle many. The new Emily Post Institute booklet, "Introductions," gives helpful information on this subject. To obtain a copy, send 10 cents in coin and a self-addressed, stamped envelope to the Emily Post Institute, care of The Freeman.

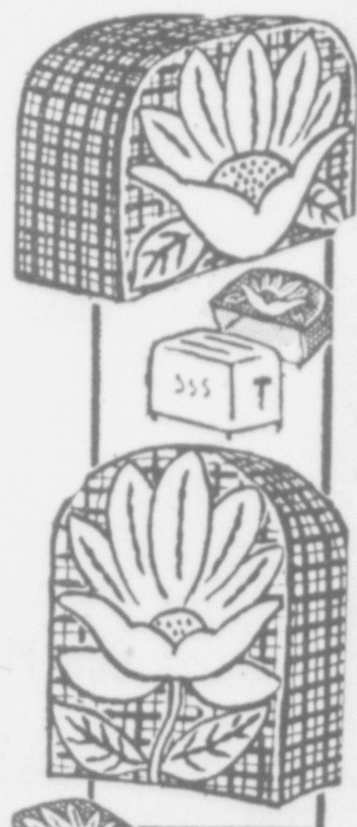

The Emily Post Institute cannot answer personal mail, but all question of general interest are answered in this column.

### Club Notices

### Temple Emanuel Religious School Begins School Year

On Saturday morning, Sept. 15, the Temple Emanuel Religious School began the 1962-1963 school year with an enrollment of more than 140 pupils. The school is a Reform religious school, and its curriculum is outlined by the Reform parent body, the Union of American Hebrew Congregations. Mid-week Hebrew classes began on September 17, and meet each Monday and Thursday afternoon after public school.

New pupils registered for the year include Beth Zimet, Matthew Weissman, Joel Weisberg, Jeffrey Toren, Elizabeth Reamer, Pamela Randel, Laura Newman, Wendy Nadler, Andrea Meyer, Monte Kramer, Steven Kantor, Kathy Halpern, Eric Greenwald, Aimee Gerburg, Robert Abramsky, Sandy Dillon, Barbara Kamen, Jill Newinger, Lori Braunstein, Sara Freeman, Joel Feldman, Barbara Jacobs, Barry Sturman, Esta Ray Holtz, Rona Freeman, Haya Wolf, and Bruce Jacobs. Henry Miller of Woodstock is the only new faculty member this year.

Temple Emanuel offers ideal facilities for religious education in its beautiful modern edifice on Albany Avenue. All Jewish children are welcome in the school. Rabbi Herbert I. Bloom is spiritual leader of Temple Emanuel, and Cantor Julian C. Lohre is principal of the school. Religious School classes meet every Saturday morning from 9:30 to 12 noon, and each session ends with appropriate Sabbath services. Parents who desire further information may call the principal, Cantor Lohre.

### Democrats Name Delegates; Annual Convention Upstate

Delegates and alternate delegates to the Democratic State Convention, led by Ulster County Democratic Chairman William A. Kelly, in Syracuse on Monday and Tuesday, Sept. 17 and 18 included the following Ulster County people: delegates: Mrs. Lincoln Crosby, Norman Kellar, Judge Aaron E. Klein, John J. Gaffney, George A. Beck, John J. Schick and Mayor Eugene A. Glusker. Alternate delegates: Mrs. Harriet Allen Kerr, Joseph Y. Koenig, Mrs. Irma Coty, James McCordle, George Majestic, Donald M. Hastings, Nathan Raskin and Joseph Epstein. Other Ulster County persons who attended are: Dr. and Mrs. Jack Moss, Mrs. Freda Martens, Mrs. William A. Kelly, Mrs. John J. Gaffney, Mrs. George A. Beck, Jack Bagleibter, Mrs. Aaron E. Klein, Mrs. Donald Hastings, Mrs. Joseph Epstein and Edmund J. O'Reilly.

### Home Extension Service News At the Markets

Cheese — Cheese is a suitable alternate for meat. Many shoppers may wish to substitute low-cost cheese during the current period or relatively high meat prices. Plenty of cheese is available to shoppers. Production, though not equal to last year, is still at a high level. All varieties of cheese will be in ample supply.

Apples — New York State is again the country's leading apple producer and this will provide shoppers with abundant supplies from nearby sources. The New York crop is about 20 per cent bigger than average, though not equal to last year's large production. Look for volume marketings early this year. McIntosh, the all-purpose variety, is expected in volume in the next 2 weeks.

Frozen Orange Juice Concentrate—Frozen orange juice concentrate continues to sell at prices considerably below a year ago. The latest report from the U. S. Bureau of Labor Statistics indicates the 6-ounce container of frozen concentrate in New York City is selling 20 per cent below the year earlier level. Low prices are a result of the record pack. A month ago stocks of frozen orange juice were nearly 75 per cent greater than a year earlier.

Other Plentifuls — Broilers, turkeys, grapes, pears, potatoes, rice and cranberries.

### 20th Century Club

Members of the 20th Century Club will meet at the home of Mrs. William J. Soper on Monday, Sept. 24 at 7:30 p. m. Organ music will be featured.

HANUS A. SCHIMMERLING

## Philharmonic Concert Scheduled Nov. 12; Program Will Include Schimmerling Work

On Monday, Nov. 12 in the Community Theatre, Claude Montoux will raise his baton to open another series of Hudson Valley Philharmonic concerts in Kingston. Featured soloist will be William Warfield, baritone.

The first Philharmonic concert will hold special interest for area residents in that the work of a leading local composer, teacher and coach Hanus Aldo Schimmerling of Woodstock, will be included. The selection will be "Toccata and Fuga Chromatica," also called "Toccata and Chromatic Fugue." This will be the first orchestral performance of this composition in New York State.

Premiered in Indianapolis by the Indianapolis Symphony Orchestra, the composition was also performed in Vienna, Austria.

and by the Czechoslovak Broadcasting System in Prague.

Recital at Age 13

Hanus Schimmerling was born in 1900 in Bruenn, capitol of Moravia. He was educated in his native city and later at the University of Vienna and Academy of Music in Prague.

Schimmerling gave his first piano recital at age 13; his first composition, an album of songs, was published in Berlin when he was 19. Some of his music teachers were the Moravian composer Joseph Gustav Mracek, Prof. Richard Robert, F. Neumann, director of the Czech National Opera in Bruenn, the composer Franz Schreker and, at the Music Academy in Prague, Alexander von Zemlinsky.

Alexander von Zemlinsky was also director of the German Opera in Prague where Schimmerling became coach and conductor after his graduation from the Academy.

Visits USA in 1925

Schimmerling paid his first visit to the United States in 1925 when he accompanied Michael Bohnen, well known bass-baritone of the Berlin Opera. He worked with Bohnen at the New York Metropolitan Opera during the 1925-26 season and had close connections with other opera stars who either sang his compositions or chose him as a coach and recital accompanist. Among these stars were Fedor Shalyapin, Leo Slezak, Roland Hays and Hans Duhan.

Personal ties existed between Schimmerling and his teachers, the composers Zemlinsky and Schreker, as well as with other great musicians of the era, Ferruccio Busoni, Hans Pfitzner, Leos Janacek and Richard Strauss.

Schimmerling assisted Pietro Mascagni and Bernardino Milinari in rehearsing with the cast and preparing a festival performance in Prague of "Cavalleria Rusticana" and Verdi's Othello, respectively. Schimmerling also visited these people in their own countries. A seasoned traveler, Schimmerling has also visited Paris, Munich, Beirut, Vienna, Prague, Rome and Venice.

The composer's versatility has been mentioned in the historical book "Music in Czechoslovakia" and other pamphlets. As a writer, he has contributed many articles to newspapers and periodicals. For a time he was music critic for the "Prague Tagblatt."

As a teacher, Schimmerling has taught not only music but German and European History as well. He was appointed a professor at the Masaryk Folk High School in Bruenn.

Before Schimmerling returned to the United States in 1939, many of his works were performed in Europe. The Cherry Blossom Cantata at the Prague Music Festival, the Merry Overture and the Paris Symphonietta by the Czech Philharmonic, his "Parlando Cantabile" at the Moravian Broadcasting System. His grotesque with music "Turnoil

in Tamberg" ended with a political scandal in 1938 shortly before the Nazi occupation. For this work Schimmerling wrote the libretto himself. This was one of the reasons why he decided to leave Czechoslovakia. Another reason was the publication of his book "Irrationalities of the German Language." Shortly before he left America, his cantata "The Song of the Rolling Globe" was given twice, in Prague and in Bruenn.

## American Citizen

Schimmerling became an American citizen in 1944. During World War II he conducted the Czechoslovak Choral Society of New York City. With this group and the Riverside Church Choir he gave his own Town Hall concert in 1945. He also conducted his choir in a performance of Czech and Slovak Choral music a year later in Carnegie Hall.

Well versed in Slavic music and the music of the East European countries, Schimmerling has written many folksong arrangements. His book "Folk-dance Music of the Slavic Nations" was published by Associated Music Publishers of New York. He has more than 80 published works. The compositions have been published by H. W. Gray, G. Schirmer, Carl Fischer, Edward B. Marks Music Corporation, G. Ricordi & Company, Associated Music Publishers and Broadcast Music Inc.

In the latter's choral catalogue, Schimmerling's Slavic Choral Paraphrases "Where Are My Cows" became one of the best sellers.

Other compositions by Schimmerling performed in America include "French Suite for Orchestra," "First Symphony," "Te Deum," "Toccata and Fuga Chromatica," and "The Archaic Suite."

## Joins Teaching Staff

In later years, Schimmerling devoted much of his time to his favorite occupation, teaching. For several years he conducted the opera workshop of the Chatham Square Music School where he also was in charge of the music theory department. In 1951 he settled in Woodstock, N. Y., and in 1954 he started his "Harmony Hill Concerts." These concerts were a series of lecture-recitals emphasizing national programs with rarely heard music from Czechoslovakia, Poland, Hungary, Rumania, Austria, Germany, Bulgaria, Holland and other countries.

This series later became part of the Woodstock Music Festival. During the four years of his teaching activities in the Ontario Central School System and Kingston, he gradually retired from his performing activities. As a member of the Woodstock and West Hurley teaching staffs, he received laudable praise for his annual music programs.

## Extensive Traveler

Since his retirement from school teaching, Schimmerling has devoted much of his time to a limited number of devoted students. From time to time he visits foreign countries for the purpose of seeing, first hand, their schools and cultural institutions, to interview personalities in cultural life and compare teaching methods.

Schimmerling has contributed articles on his overseas observations to area newspapers as well as foreign newspapers and magazines. His articles deal with musical, linguistic, educational, philosophical and other cultural issues.

## Honored in Woodstock

Woodstock has honored Hanus Schimmerling with the performances of some of his works in Maverick Hall. Included in these performances were such works as his String Quartets (Roentgen and Sidney Hart), the Lyrica Illyrica Suite performed by Kroll, a String Trio (Philadelphia Chamber Players), and on the occasion of his 60th birthday, the Suite for Piano, Violin and Cello, "Rubytzu," performed by Drucker, Rostal and Sass.

Schimmerling's 60th birthday and previous birthdays were also observed in Czechoslovakia with performances of his Song of the Rolling Globe as well as his Cantata for chorus and orchestra, "Cantus Contra Bella."

Mr. Schimmerling is now working on several books such as "Help Your Child and Yourself" (a treatise on common sense and creative thinking), and "Social Songs of the 20th Century," to be published in German in Vienna.

## Prospective Bride Is Feted

A bridal shower was held recently in honor of Miss Linda Cross by her maid of honor, Miss Linda Goodrich, who was hostess at the Walkkill Reformed Church Hall. Miss Cross will become the bride of Joseph Francabandiero of Walkkill on October 6 at the Walkkill Reformed Church.

Attending were Mrs. Joseph Francabandiero, Mrs. Edgar Pitt, Mrs. Loyal Cross, Mrs. Robert Hughes, Mrs. Leonard DeWitt, Mrs. Ralph Belsito, Miss Loretta Heemsath, Mrs. Charles White, Mrs. Andrew Ruger, Miss Barbara Ruger, Mrs. John Heemsath, Miss Margaret McDonald, Mrs. George Stanford, Linda Goodrich, Rosa Cross, Virginia Giebel, Mrs. James W. Smith, Virginia and Laurel Smith, Mrs. C. McFadden, Mrs. Joseph LaBelle, Mrs. Margaret Ackerson, Mrs. Frank Francabandiero and Marietta Francabandiero.

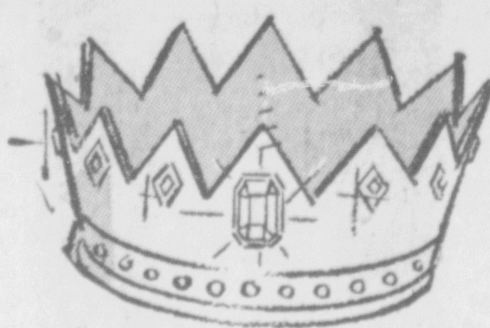

Also Mrs. Beatrice Van Alst, Miss Lettie Vandemark, Mrs. Arthur Beers, Mrs. Daniel Francabandiero, Mrs. Raymond Heddin, Mrs. L. Lockwood, Mrs. Helen Watts, Mrs. Kenneth Yarwood, Mrs. William McVicker, Mrs. Dorothy Furman, Dorothy Tomaszewski, Mrs. Robert Griebel, and Mrs. Michael Maglione.

## Rummage Sales

New Paltz Reformed

A rummage sale will be conducted in the education building of the Reformed Church, New Paltz, on Friday, Sept. 28 from 9 a. m. to 9 p. m. and Saturday, Sept. 29 from 9 a. m. to 1 p. m. Public is invited.

### Water District Survey Voted By Woodstock's Town Board

The Woodstock Town Board has engaged the services of two engineering firms to conduct a survey of the Woodstock water district and determine the best location for a new well to alleviate the current water shortage in the township.

The New York City firm of Layne Co., with international subsidiaries, and Brinnier and Larios of Kingston, engineering consultants, were approved at the September meeting of the board.

The Layne company will bore a series of 2 1/2-inch test holes at a cost of \$4.25 per foot. The tests will determine the most suitable location for placing the new well. In addition the New York firm will conduct a resistivity test at a cost of \$165.00 and require an additional \$100.00 for setting up and removing their equipment.

After the test borings, Layne will submit a complete study to Brinnier and Larios who will supervise the physical explorations. The Kingston firm will then submit complete, final specifications and recommendations to the Town Board for what action it may desire to take.

#### Reverses Position

The board's action represents a reversal from the stand it took at the August meeting. At that time it voted 4 to 1 to hire a Rensselaer firm to do the study, because of a possible conflict of interest if an area firm did the work.

Councilman William West Jr. dissented in the August action. This time Supervisor Molyneux's new proposal received unanimous approval of the board members—Councilmen West and John Pike, Justices of the Peace Rudi Baumgarten and Charles A. Farley.

In other action, Councilman West raised the question of the

litter problem on the Village Green. The councilman said some of the merchants are complying with requests to sweep the sidewalks but instead of placing the litter in receptacles are sweeping into the gutter. He said an appeal should be made to the merchants to dispose of all litter and suggested it might be a project for the Chamber of Commerce.

Supervisor Molyneux said the town constables have taken a stiffening attitude toward the litter problem but it has not been solved. The possibility of a street-cleaning district was also discussed.

#### Transfer \$3,000 Item

The board approved highway superintendent Cashdollar's request to transfer \$3,000 from Item 3 (machinery) of the highway fund to snow removal fund. The supervisor said he did not know whether the money was needed to pay for snow removal for the winter of 1961-62 or in anticipation of the upcoming snow season.

The board engaged Kingston architect Augustus Schrowang to design changes which will make town hall conform to State Labor Board regulations. Adolph Heckeroth of Woodstock was hired to remove the siren from the present tower to the top of town hall.

In response to an inquiry by Councilman West, the supervisor informed the board that the proposed lighting survey planned by Central Hudson has again been postponed.

Justice Baumgarten thanked the board for permitting him to attend the New York State Magistrates Association at the Concord Hotel in Lake Kiamasha.

### Three Top Ranking Officers Resign in Taxpayer Group

The three top ranking officers of the Woodstock Township Taxpayers Association—President, John Melia; vice president, Lawrence G. Casey and secretary, Mrs. Frederick P. Platt, submitted their resignations at the September meeting of the association.

No action was taken by the membership to name successors but Benjamin R. Merch of Woodstock was named temporary chairman of the board of directors which will fill the vacancies. Merch had previously served as chairman of the Woodstock branch before the chapters were merged.

While generally unexpected the resignations of Melia and Casey had been discussed in the past several weeks. Both gave pressure of personal business as reasons for their resignations. Casey indicated that he will remain a member of the organization. Melia did not indicate his future plans in his letter of resignation but there have been persistent reports that he would receive a political appointment in Woodstock in the near future. Under association by-laws he would be ineligible to keep his membership.

#### To Live in Florida

Mrs. Platt resigned as secretary because in the future she expects to spend at least seven months of the year in Florida. Her successor will also be named by the board of directors.

Melia was re-elected president at the August meeting when Casey was named vice president. Mrs. Platt was named for a full term as secretary in August. Casey served two terms as president of the organization which achieved its highest membership total under his leadership.

The resignations of the three officers were accepted with regrets and resolutions were adopted unanimously praising them for their services and contributions to the organization.

#### Freitag Candidate

Meanwhile, Fred G. Freitag of Lake Hill, first president and founder of the association, informed the membership that he would be a candidate for the Republican nomination for assessor. If nominated, Freitag also would have to submit his resignation. Freitag reported that the annual meeting of the New York State Taxpayers Association would be held Sept. 25 at the Goshen Inn in Goshen.

Karl Seiger, association representative to the associate committee of the Planning Board, said the group had received a progress report on Sept. 14.

#### Highway Steps

Seiger informed the membership that the super-highway bypass of Woodstock is still part of the plan, but provisions for small industries in the area behind the Woodstock post office have been eliminated. Seiger said that in his opinion the whole Growth Plan was "ridiculous and fantastic" and that many of the things

the plan proposed could be achieved by sensible town ordinances.

During the discussion of Seiger's planning board report, Casey blasted the stand taken by Benjamin L. Webster at the recent meeting of the Woodstock Township Chamber of Commerce.

"I would not accuse Mr. Webster of being snobbish," said Casey, "but in his obvious desire to transform Woodstock into a super-cultural community, he is overlooking that segment of the American nation that made it what it is today. By that I mean hard working, wage earners with families not necessarily those laden with college degrees."

### Mrs. Hastie New Auxiliary Head

Mrs. Robert Hastie was elected president of the Ladies Auxiliary of Woodstock Fire Company No. 1 at the organization's first annual banquet at Deane's.

Other new officers are: Mrs. Bruce Reynolds, vice president; Mrs. Peter Koehn, secretary; Mrs. Duncan Wilson, treasurer.

The retiring president, Mrs. Charles Kullmann extended a welcome to Marie Hoffman and made her a life member in recognition of her outstanding work in connection with the fire department. Mrs. Kullmann also thanked all committees for their work in the past year.

Mrs. Duncan Wilson reviewed the various activities in which the auxiliary participated, among them the free chest X-ray program, First Aid course, covering of all fires with coffee and sandwiches for the firemen; fund raising at the annual bazaar; a bus trip to New York and the purchase of a banner for the fire department.

After thanking the members for their cooperation, Mrs. Kullmann presented each one with a miniature address book. Before the meeting closed, Priscilla Koehn presented Mrs. Kullmann with a gold leaf lapel pin from the membership.

### Rotron Reports New Records in Sales, Profits

Rotron Manufacturing Co. of Woodstock has announced that sales and profits for the fiscal year have set company records.

The employees who share 25 per cent of the company's profits before taxes received a total of \$368,028 in graduated payments. Three profit sharing payments already have been made during the year, the final sum distributed last week among the employees amounting to \$177,245.

In a release to the company's stockholders last week, it was announced that consolidated sales increased from \$8,216,587 to \$9,727,610 and net income rose from \$463,190 to \$511,632.

HARRY RIGBY JR.

### State Engineers Parley to Hear Local Historian

A well-known local historian, Harry Rigby Jr., will be the guest speaker at the annual dinner of the New York State Society of Professional Engineers tonight at 7:30 o'clock at Governor Clinton Hotel.

Ulster County Chapter is host to the three-day state convention which ends Saturday.

Rigby, writer, lecturer, commentator and a member of Ulster County Community College board of trustees will speak on the subject, "In the Beginning."

H. D. Bossert, president of the state society will be the toastmaster.

A general membership meeting of the society will be held Saturday. Arrangements for the three-day session were handled by a standing committee of the Ulster Chapter, led by Irwin Gellen of IBM, president of the chapter, and consisting of the following members, Augustus Brinnier of Brinnier & Larios; Larry Sista of IBM; W. S. van der Bent of van der Bent Associates; Frank J. McDonald, U.S. Air Force production specialist; Thomas Baggott of IBM, and John Salapatis of the New York State Conservation Department.

The ladies' program, which was arranged by Mrs. Agnes van der Bent, will include a walking tour of uptown Kingston, trips to the Ashokan Reservoir and the Woodstock area and a radio interview with Mary Margaret McBride.

Wives of the members of the Ulster Chapter will serve as hostesses and assist Mr. van der Bent in the ladies' activities. Advance registrations indicate that well over 200 professional engineers from all parts of New York State will be in Kingston for this convention. Many of them will bring their wives.

The public is invited to view the exhibits prepared for the meeting and furnished through the cooperation of Rotron Manufacturing Corporation, Woodstock; IBM Kingston, Nytrilite Aggregate Incorporated and Central Hudson Gas and Electric Company.

#### Broome Student Killed

BINGHAMTON, N. Y. (AP)—Tibor Gaal, 26, of Binghamton, a student at Broome Technical Community College, was killed early today when his automobile and a tractor-trailer collided on Route 17, about 11 miles west of here. Police said Gaal was a native of Scranton, Pa.

### Boonville's 24 Is Record Low; More Due Tonight

ALBANY, N. Y. (AP)—Record-breaking, sub-freezing temperatures, down to 24, frosted much of New York State early today, with summer still officially on the calendar.

Boonville, in the Adirondack foothills, registered 24 at 5 a.m. Albany's 30 at 6 and 7 a.m., was the lowest ever recorded here at this time of year.

The Weather Bureau predicted another frosty night tonight in eastern New York but a warming trend in the western section and east of Lake Ontario. Saturday will be generally warmer, the bureau said.

Other early-morning temperatures included: Watertown 27; Oneonta 29; Massena, Glens Falls, Poughkeepsie and Saranac Lake 30; Olean 31; Buffalo, Elmira and Plattsburgh 34; Utica 36; Binghamton 37; Rome 38; Syracuse 39; Rochester 41; Westhampton Beach 43, and LaGuardia Field 45.

As the Weather Bureau put it: "That takes care of the petunias this year."

Tomorrow is the last day of summer.

### Work Progressing On Newburgh Span

Members of the New York State Bridge Authority during a recent visit to the Newburgh-Beacon bridge site found that work on the Hudson River span is progressing well, according to Edward J. Burns, administrative officer. He noted that all 23 piers and two abutments have been completed and that steel work is under way at six places.

#### Nice While It Lasted

BALTIMORE (AP)—Saul Stern, 14 months, parlayed 20 cents into \$1.425 this week without leaving his stroller.

Saul received 20 cents Sept. 15 as a dividend from his one share of corporation's common stock. His father, Robert, 21, mailed the 20-cent check with Saul's bankbook to a savings and loan association.

Saul's balance was \$18.85. The bankbook was returned with the 20-cent deposit recorded—and a new balance of \$1.425.

A call to the bank confirmed an accounting error. Saul's father is keeping the bankbook as a souvenir.

### Referendum Not Needed for Sales Tax, Is Ruling

ALBANY, N. Y. (AP)—No voter referendum is needed on a county's plan to levy a sales tax, the Appellate Division of State Supreme Court says.

The division's third department ruled Thursday, in a case challenging a sales tax in Warren County, that state law on the question was "clear and unambiguous and does not make the imposition of the taxes... subject to a mandatory or permissive referendum."

The decision, which was unanimous, said the county board of supervisors was "not required to submit by referendum the question of the adoption of a sales tax."

The court ruled on Warren County's appeal from a decision by Justice Harold R. Soden of State Supreme Court. Soden had said a referendum was needed.

The boards of supervisors of Warren and Washington counties voted last Spring to impose the sales taxes, which amounted to 2 per cent of most retail sales and 3 per cent on hotel and motel bills and restaurant checks of more than \$1.

## Motherhood Boon For Film Beauty Maureen O'Hara

HOLLYWOOD (AP)—Maureen O'Hara, the screen's most successful mother, was talking in her soft Irish brogue about motherhood.

"A housewife stopped me the other day and said, 'How am I goin' to compete with you? My husband adores you. Why do you have to be such a glamorous mother?'"

"So I asked how many children she had. Four, she told me. And I said to her, 'Why, isn't that wonderful. It shows how much your husband must love you.'"

At 39, the one-time Irish colleen—who looks 25—has become an expert on motherhood.

She's had 20½ children and three grandchildren. One was adopted. A couple died at birth. She's even had twins.

But all but one—her 18-year-old daughter, Bronwyn Bridget, confined her hijinks to the screen. Bronwyn is her daughter by her divorcee marriage to the late producer Will Price.

The others were the offspring of cinematic marriages with such famous husbands as Rex Harrison, John Wayne, Robert Young, Tyrone Power, Fred MacMurray, James Stewart and Henry Fonda.

The half child? "Hayley Mills. She played twins in 'Parent Trap.'"

All this motherhood has given a new resurgence to Maureen's career, usually confined in early days to the hoop-skirted heroine in such swashbucklers as "Spanish Main."

And it hasn't lessened the attentions of her steady beau, Mexico City attorney Enrique Parra. She's been a mother in her last five films. In her latest, "Spencer's Mountain," with Henry Fonda, they're parents of 9.

Being a mother really isn't new for Maureen, though it's given her career a boost.

"No one realizes that I've been playing mothers since I was too young to be a mother. I played a mother of a 6-year-old son in 'Buffalo Bill' and I was only 20."

What does she tell the middle-aged women whose husbands nudge them and say, "Why can't you look like that, honey?"

"Any woman can be attractive. I know they're busy all day. But they can always set the alarm clock for 15 minutes before their husband gets home from work."

"They can comb their hair—take those awful rollers out—put on a clean dress. It isn't much. But it makes the difference."

Glowing Tributes  
Paid Rep. Taber  
By House Members  
WASHINGTON (AP)—The House interrupted debate on the foreign-aid bill for more than half an hour Thursday to pay tribute to Rep. John Taber, 82, an Auburn, N.Y., Republican who is retiring this year.

Taber, completing his 40th year as a congressman, was given two standing ovations—a rare occurrence in the House.

Taber is the senior Republican member of the House Appropriations Committee. He received the first ovation when Rep. Gerald R. Ford, R-Mich., noted that the foreign-aid bill would be the last major appropriations measure with which the New York lawmaker would deal.

Taber set off the second ovation himself when he expressed the hope that "the spirit of responsibility and citizenship will bear on all of you in considering this measure and all others that come before this house."

Speaker John W. McCormack, D-Mass., told the House his friendship with Taber had been long and close. He called the congressman "not only a great man but a good man."

Rep. Clarence Cannon, D-Mo., chairman of the Appropriations Committee, said he regretted Taber's retirement more than that of any other congressman with whom he had served.

Cannon said the national debt would be "billions more than it is today had it not been for the great and wise contributions of John Taber."

Taber has served in Congress since 1923.

### Community Events

There will be a meeting of the Ulster County American Legion Auxiliary members and delegates Monday at the Town of Esopus Legion home, Port Ewen at 8 p. m. All members and delegates are asked to attend. There will be election of officers for the coming year.

Paul Beaver who has been a patient at the Benedictine Hospital is now convalescing at his home on Green Street.

### Scout Activities

Den 5 meets Monday 3:30 p. m. at home of Albert Hawes; Den 3 meets Monday p. m. at the home of Annette Staley; Den 6 meets Tuesday 3:15 p. m. at the home of Anita Granitto.

Boy Scout Troop 26 meets Tuesday 7 p. m. at the Reformed Church, Joseph Diamond Scoutmaster.

Girl Scout Troops 51 and 121 meet Wednesday 6:45 p. m. at the Reformed Church. The Misses Ella Jones and Emily Card, leaders.

## Payments Begin For 1962 Feed Grain and Wheat

Final payments to farmers taking part in the 1962 Wheat Stabilization Program and the 1962 Feed Grain Program for corn and grain sorghum, are being made throughout Ulster County, E. M. Wood chairman, Agricultural Stabilization and Conservation County Committee, announced today. As a means of helping farmers meet their production expenses and at the same time maintain their income, advance payments were made to many producers at the time they signed their intention of participating in the program.

As of September, program payments already made in the county for diverting acreage from production into soil-conserving uses totaled \$14,894.

Wood reminded farmers that compliance with provisions of the diversion programs does not end with receipt of the final program payments. The land retired from production may not be grazed or a crop harvested from it through the whole year 1962, and it must be devoted to an approved conservation use, with all other program provisions being met fully. A violation of program provisions could result in a substantial loss to the producer.

Payments under the 1962 programs are directed toward maintaining farmers' incomes during the period of adjusting production to more realistic levels. The acreage reduction continues the trend started with the 1961 Feed Grain Program to bring about a better balance between Feed Grain Production and needs.

## New, Returning Shows Mark Video Slate Next Week

By CYNTHIA LOWRY  
AP Television-Radio Writer

NEW YORK (AP)—New and returning television shows will be literally tumbling over each other during the next seven days as the three major networks get back to business-as-usual.

One of the infrequent conflicts among program premieres occurs tonight. CBS' hour-long family situation comedy, "Fair Exchange," arrives at 9:30-10:30 (EDT), at the time when NBC brings in an Army comedy, "Don't Call Me Charlie" (9:30-10) and "The Jack Paar Show" (10-11).

On Saturday there's a new kiddie show, "Magic Midway," on NBC (11:30 a.m.-12) and "Reading Room," on CBS (12:30-1 p.m.) designed to stimulate interest by young people in books.

### New Sunday Comedies

Two new comedies move into position in the early portion of NBC's Sunday evening schedule: "McKeever and the Colonel," about kids in a military school (6:30-7), and "Ensign O'Toole," a Navy comedy of the "Mr. Roberts" school (7-7:30). Then comes ABC's cartoon comedy, "The Jetsons," (7:30-8) about a space-age family. CBS presents a two-hour special (9-11 p.m.) on the opening of New York City's Lincoln Center for the Performing Arts.

Meanwhile CBS' "College Bowl" (5:30-6) and NBC's "Walt Disney Hour" (7:30-8:30) and "Bonanza" (9-10) return with new programs. John Mills stars in "The Interrogator," NBC's "Show of Week" drama about the 1957 Cyprus uprising (10-11).

CBS has a full house Monday evening. There's an entertainment special, "Opening Night," (8-9) with Lucille Ball, Jack Benny, Andy Griffith, Garry Moore and Danny Thomas, followed by "The Road to Button Bay," (9-10) about the senior Girl Scout roundup this past summer. And then "The New Loretta Young Show," an hour-long dramatic series, bows in (10-11). NBC's "Telephone Hour" also pops up for its season premiere as a monthly show (10-11).

"Empire" Debuts Tuesday  
NBC's modern West series, "Empire" is the sole debut on Tuesday (8:30-9:30 p.m.). But there are a number of returning shows. They include NBC's "Laramie" (7:30-8:30), "The Dick Powell Show" (9:30-10:30), and CBS' "Red Skelton Show," extended to an hour's length (8:30-9:30).

Payments under the 1962 programs are directed toward maintaining farmers' incomes during the period of adjusting production to more realistic levels. The acreage reduction continues the trend started with the 1961 Feed Grain Program to bring about a better balance between Feed Grain Production and needs.

As of September, program payments already made in the county for diverting acreage from production into soil-conserving uses totaled \$14,894.

## At Oehler's Field Sport Club Booters To Host Utica Sunday

Kingston Sport Club booters will seek their third straight victory of the season Sunday when they host Utica at the new field at Oehler's Mountain Lodge. Game time is 3 p. m.

Manager Bob Graves will have to get along without regular goalie Ingo Froehlich and team captain George Vizvary. Froehlich will be out of action until the spring because of a knee operation.

With the season only in its third week, there are just three unbeaten clubs. In addition to

Kingston they are Schenectady and Poughkeepsie Blue and White. In other weekend action, Troy Sports Club meets the Albany Athletic Club, Little Falls plays Albany Sport Club, Schenectady Football Club clashes with the Troy Italians, Albany Sons of Italy meet the Poughkeepsie Blue and White.

The standings:

	W	T	L	P
Schenectady F. C.	2	0	0	4
Kingston S. C.	2	0	0	4
Poughkeepsie B&W	2	0	0	4
Troy S. C.	1	0	1	2
Albany A. C.	1	0	1	2
Albany S. C.	1	0	1	2
Albany S. of I.	1	0	1	2
Endicott	0	1	1	0
Little Falls	0	0	1	0
Troy Italians	0	0	2	0
Utica	0	0	2	0

### Bridge Tournament Scores for Glenrie

## Fine Freshmen Turnout Raises Ganders' Hopes

From the midst of woe, tears and towel drying around the area gridiron circuits comes a bubbling, optimistic voice expressing hopes of reaching the heights, not this year, maybe, but in the seasons to come.

"I feel this year will be a year we'll remember here at Rondout Valley Central for a long time. Why? Well, it's the first year we have ever had a good freshman turnout. In the past it has always been patch here, patch there, but with these boys learning the game of football earlier, we should be able to make plans for the future."

Thus did Coach John Meehan evaluate the team that will represent Rondout Valley on the gridiron for the next eight autumn Saturdays afternoons in Ulster County Athletic League competition.

Sees Interesting Year  
"So far as we are concerned, this year will be an interesting at least we have the boys to work with. What more can a coach hope for an undefeated season—maybe," Meehan continued.

He disclosed that only one regular from the 1961 squad returns to the Ganders this season. He is Robert Barnum, second team UCAAL end last season and slated to handle the quarterback chores for the Ganders this season.

Jerry Craig, one of Central's outstanding backs for the past two seasons, is sidelined for the entire 1962 campaign with a bum knee and last season's starting center, Mike Sturges, has enrolled at Oakwood School.

Coach Meehan feels that Marlboro is the team to beat. Ontario and his own Ganders are tabbed as the darkhorses in the league.

John Million and Lawrence Skalla will share the coaching chores with Meehan.

27 Freshmen Set  
The 1962 squad members, including some 27 freshmen are: Backs—Robert Barnum, Robert Cairo, Don Parete, John Brush, Fran Tocco, Joe Weber, Art Jackson, Robert Anderson, Denis Lee, Dave Andereg, John Neilson, Alan Makowsky.

Ends—Peter Green, John Devaux, Tom Snow, Robert Markie, Cliff Schoonmaker.

Tackles—Alan Shaw, Larry Napoli, Fred Parisi, William Judd.

Guards—Tom Simms, Lenny Black, Steve Simmons.

Center—Paul Traficanti.

The schedule:

Sept. 22	Dover Plains	Home
Sept. 29	Ontario	Home
Oct. 6	Marlboro	Home
Oct. 13	New Paltz	Away
Oct. 20	Minisink	Home
Oct. 27	Liberty	Away
Nov. 3	Walkill	Away
Nov. 10	Pine Bush	Home

—Denotes non-league game.

**Auto Spectacular Set  
At White Plains Hall**  
Boat show, horse shows, dog shows, . . . Westchester County has them all throughout the year, yet none of these established events is any better received than the relatively new Westchester Auto-Spectacular, which is scheduled for a three-day run on October 26, 27, 28th at the County Center in White Plains.

This will be the fifth annual edition of the motor extravaganza and indications are that the 1962 show will be bigger and better than any of the four preceding exhibitions.

Held on three-day weekends for the past four years, the automotive spectacular has consistently drawn in excess of 10,000 spectators to the huge Westchester County auditorium.

**Hunting Opener**  
The Regional office of the Division of Fish and Game announced today that the three public hunting areas in Region 8 (Dutchess, Putnam, Ulster, Rockland, Orange and Westchester counties) will reopen on Oct. 8 for the opening of the small game season.

**PRO FOOTBALL STAR** Sam Huff of the New York Football Giants will make a personal appearance at Montgomery Ward Monday night (Sept. 24) between 7:30 and 9 p. m. It was erroneously announced that he would appear tonight. The public is invited to meet the Giants' famous All-Pro defensive lineman.

## Scholastic Gridders Make Debuts Saturday

Area high schools, after three weeks of practice sessions, will commence their football seasons Saturday and there are several outstanding games on tap.

Kingston High will journey to Suffern for a game with the Rockland County gridders. Suffern won, 6-0, last year at Dietz Stadium and Coach Bill Burke's club will try and reverse the tables.

In other action, Saugerties plays at Red Hook, Ontario is at Pawling, New Paltz is home against Millbrook, Poughkeepsie plays at Wappingers Falls, Roosevelt and Highland meet at River-view Field in a DCSL tilt, Beacon is at Cardinal Farley in another DCSL contest, Arlington travels to Cornwall, Marlboro is at Haldane, Liberty is at Minisink Valley and Rondout Valley hosts Dover Plains.

## Giants Get 7th Loss In 8 Games

By **MIKE RATHET**  
Associated Press Sports Writer  
That was the sound a dismayed Dick Lemay heard in the ninth inning Thursday night as his balk helped St. Louis whip his San Francisco teammates 5-4 and drop the reeling, second-place Giants four games behind National League leaders Los Angeles.

Lemay, who came on in relief for the Giants in the eighth, was touched for consecutive singles leading off the ninth, putting runners on first and third with the Giants ahead 4-3.

Bill White dug in at the plate, and Lemay went in to his windup. Plop! The ball slipped from his grasp, dropping at his feet. The umpires ruled it a balk. Flood scored the tying run and pinch runner Mike Shannon moved to second with the potential game-winner.

Don Larsen replaced Lemay on the mound, and intentionally walked White, Ken Boyer ruined the strategy with a single that sent Shannon across.

The Giants have lost seven of their last eight games. The Dodgers, not scheduled, reduced their magic pennant-clinching number to six with nine games remaining.

**Combination of Six**  
Any combination of six Los Angeles victories and one San Francisco defeat will give the Dodgers their first pennant since 1959.

Cincinnati's defending champions moved closer to elimination as Pittsburgh used an error and a two-run double by rookie Bo Bailey to come from behind and beat the Reds 4-3 with three runs in the ninth inning. Cincinnati is six games back with seven to play.

Philadelphia and Chicago split a doubleheader, the Phillies winning 3-1 before the Cubs took the nightcap 4-1. Houston defeated New York 7-2 and 5-4 in 12 innings as the Mets tied an NL record with 115 losses.

Bob Purkey, trying to nail his 23rd victory for the Reds, held a 3-1 lead going into the ninth, but was chased when Dick Groat singled and Bob Skinner walked. Bill Henry took over, struck out the next two batters and got Donn Cendenon to ground to third base. But Eddie Kasko let the ball get by him as a run scored and Bailey followed with his two-run double.

Rookie Dennis Bennett (8-9) won the opener for the Phillies with a five-hitter. In the nightcap, Ernie Banks scored the first Chicago run and accounted for two others with his 36th homer.

## The Major Is Back Hoople Selects KHS To Win Over Suffern

By **MAJOR AMOS B. HOOPLE**  
(The Original Wizard of Odds)

Egad, friends, what a delightful morning this has been. While cogitating about the complexities involved in correctly forecasting the winners of this week-end's pigskin classics, I took a stroll through the park. Ah, the wonders of nature, the beautiful colors of the changing leaves, the pure pleasure of listening to the twittering birds and watching the frolicking squirrels!

Well, enough of this chit-chat. The gridiron season has already arrived and if you see footballs coming past your window for the next several weeks, don't be led into thinking those new space crafts are landing. It's what we call in the forecasting business of getting the foot into the football! Harumph!

Coach Bill Burke will sit back and enjoy the sunshine as his Maroon stalwarts invade Rockland County to trip Suffern, 20-13. This should make Karen Lang and her KHS cheerleaders very happy and give them something to cheer about.

Ah yes, Saugerties will make it victory number 16 in a row, a 10-0 verdict over those Red Hookers from Dutchess County.

What a happy trip home for the Sawyers.

There will be tears of joy out Boiceville way as Ontario beats Pawling. Rondout should welcome Millbrook with open arms and a couple of touchdowns while those flashy Huguenots down New Paltz way should make Bill Russell and the sideline coaches at the school happy.

Here is the complete forecast, and paste it in your hat. It will help retain the lining.

**Hutchinson Leads**

Marie Hutchinson mixed games of 124, 189, 144 for 457 high series in the Bowling Belles league; team points: Bonnie's Shop 4, Allen Electric 0; Melville Plumbing & Heating 4, Locust Grove Dairy 0; Mason's Store 3, Record Press 1.

**Was Unsolicited**

The recent article in the bowling column detailing a leading series by Eddie Kitchart in the Hi-Lo league was not solicited by Kitchart personally.

## Yanks Need Only Four To Win Flag

By JIM HACKLEMAN  
Associated Press Sports Writer

Memo to the Minnesota Twins: When you're in a pennant fight with the New York Yankees, don't give anything away. They don't. For the second time in three games the Twins blew one to the Detroit Tigers Thursday, giving up three unearned runs in the first inning and taking a 5-1 setback. Minnesota, a surprise challenger to the Yankees in the American League race this season, is 4½ games back in second place, with the magic number dwindled to four. Any New York victories and-or-Twin defeats adding up to four and the Yankee pennant are champions don't.

The Yankees, off Thursday, have eight games remaining. They open a three-game set with the White Sox at Chicago tonight, then finish up at home with two against Washington and three against Chicago.

The Twins have seven left, three at Baltimore starting tonight, one at Cleveland and three at home against the Orioles.

Minnesota handed Detroit two unearned runs Tuesday and the Tigers hung on for a 2-1 victory. Thursday, Vic Power's first-inning error plus key hits by Al Kaline and Norm Cash and the Twins' failure to crack through on their own opportunities doomed Minnesota.

**Ramos 5-Hitter**

Pedro Ramos pitched a five-hitter as Cleveland beat Kansas City 5-2 and Chicago tripped Boston 6-4 with two runs in the eighth inning.

## MONTICELLO ENTRIES

**FIRST RACE—Mile Pace—Conditioned—Purse \$700**

## Husband-Wife Tourney Slated

The annual Husband and Wife championship tournament will be played Sunday at Wiltwyck Country Club.

It will be a combined husband and wife score with handicaps. The low gross couple will be recognized as the husband and wife champions. Net prizes will also be awarded.

Deadline for teeing off is 1:30 p. m. A social and cocktail hour will follow the tournament.

## Might Have Felt Good But Rubdown By Woman Costly

BATH, N. Y. (AP) — The woman told 78-year-old Anthony Negrycz he looked "like a man with rheumatism." But it's more likely she thought he looked like a man with money.

Negrycz told Steuben County sheriff's deputies Thursday that the woman, whom he did not know, lifted his billfold containing \$2,450 while rubbing his back and arms ostensibly to help his rheumatism.

The woman drove up to his home with a middle-aged man and called Negrycz over to the automobile from his flower garden where he was working.

After the rubdown, the man and woman drove off, headed west, Negrycz said.

Negrycz, who said he was carrying the money with him because he intended to buy bonds, told deputies he realized the billfold was missing four hours after the couple left.

## Eleanor for 21 Age

NEW YORK (AP) — Mrs. Eleanor Roosevelt says she believes New York State's legal minimum age for purchasing alcoholic beverages should be raised from 18 to 21.

If even a few automobile accidents involving young people could be prevented, it would be worthwhile, she says in an article in the current issue of McCall's Magazine.

"However, since the fiasco of prohibition, I have little faith in the effectiveness of laws governing drinking."

Neighboring states, where the legal age is 21, have been exerting pressure on New York State to raise its minimum age.

## Rocky Schedules 4 Upstate Talks

NEW YORK (AP) — Gov. Rockefeller flew Upstate today for campaign rallies at Albany, Saranac Lake, Elizabethtown and Lake Placid.

He will interrupt his reelection campaign briefly tonight to fly from Plattsburgh to Washington, D.C., to participate Sunday in the 100th anniversary celebration of the signing of the Emancipation Proclamation by Abraham Lincoln.

Rockefeller will speak at the annual picnic late Sunday of the Richmond County Republican Committee. He is scheduled to speak at an Italian-American festival on the Lower East Side of Manhattan Saturday night.

Rockefeller's stop at Albany today was to attend a meeting of the Rural Citizens Committee for Rockefeller and the Republican Team.

The Saranac Lake rally was

sponsored by the Franklin County Republican Committee.

At Elizabethtown, Rockefeller told the Essex County Republican Committee in a prepared speech that the goal of his administration was "to bring the Adirondack Northway close to completion by 1966 and to have the entire highway in use before 1970, two years in advance of the date set by the federal government."

The stop at Lake Placid was to attend a reception and dinner of the Associated Industries of New York State.

## Extend Tax Deadline

Deadline for payment of school tax bills without penalty has been extended from Oct. 1 to Oct. 12 in the New Paltz Central School District, it was made known today by Supervising Principal Harry Dippel. He explained the mailing of the bills was delayed about 12 days by the lateness of the submission of the tax bills by the Town of Lloyd.

## Dutchess School Public Lecture Series Announced

As a part of the Adult Education program of Arlington (Dutchess County) Central School District, Arthur S. May, director, has announced a public lecture series on "Windows of the World" at Arlington Junior High School Auditorium, Dutchess Turnpike, to be held Wednesday evening, beginning September 26.

The Rev. Carl Henry Voss, pastor of Esopus Methodist Church, is course coordinator. Information regarding registration may be obtained from the school.

## Begins September 26

The first semester, beginning September 26, will include a number of guest professors who will share the series of background lectures and discussions of the political, social, and economic problems of Latin America and Europe. The second semester, be-

ginning January 23, will feature Asia and Africa problems.

Dr. Charles Griffin, chairman of the History Department of Vassar College and outstanding authority of Latin American history, will be the guest speaker on September 26, discussing "Problems of Inter-American Relations."

On October 10, "Human and Social Problems of Latin America," will be discussed with Dr. Gerard DeGre, professor of sociology, Bard College; Miss Henrietta Wicks, instructor in education, State University College at New Paltz, recently returned from Peru on State Department Mission, and Henry Zentgraf, 1961 ambassador to Chile for Dutchess County World Affairs Council.

The first semester discussion will be October 24, when Dr. John Powelson, professor of economics, Johns Hopkins University and former staff member, International Monetary Fund, will be the speaker.

The third lecture in the Latin America unit will be on October 24, when Dr. John Powelson, professor of economics, Johns

Hopkins University, former member, International Monetary Fund, will speak on "The Alliance for Progress Program."

Lecture topics for the unit on Europe, will be "A Fresh Look on the Political and Military Aspects of NATO" on October 31, by Theodore F. Zoupanes, political Science Department, Vassar College. On November 14, "The Common Market and Its Effects Upon the World" will be the topic of Dr. Margaret Myers, professor, Vassar College, and on November 28, Dr. Alma Molin, professor of history at Vassar, who recently returned from Berlin, will take for her topic "East-West Relations."

## Plan Follow-Ups

On alternate Wednesdays, there will be follow-up discussions for those enrolling in the entire course.

Starting in January at the second semester will be units on Asia and Africa with professors from the State University College at New Paltz as well as Vassar and two outstanding visiting professors from Africa, including Dr. David Carney, na-

tive African from Sierra Leone, advisor to Economic Council, United Nations, who will speak on March 27.

Dr. David Kornhouser, associate professor of political science, State University, New Paltz, will lecture on Asia on January 23, to open the second semester. Others from the New Paltz College will include Dr. John Lin, Dr. George R. Horner, and Dr. Peter McEwan.

The Rev. Mr. Voss of Esopus pastor will lead several of the discussion groups at both semesters.

## Y Fall Roundup Is Scheduled Saturday

The annual fall roundup of the Y.M.C.A. boys and their friends will be held at the Y Saturday morning at 10 o'clock.

Boys 8 through 15 years will have a program of games and fun at the gym. New fall schedule of activities will be explained followed by refreshments. The roundup is open to any boy in the Kingston area between the ages of 8 through 15 years old.

## Dutchess College Student Hurt as Auto Rams Tree

A 19-year-old Dutchess Community College student was reported in fair condition at Vassar Hospital Thursday, after suffering injuries when her car hit a tree in Overlook Road, Town of LaGrange.

Sheriff Lawrence M. Quinlan reported Miss Barbara Sue Gray, daughter of Mr. and Mrs. Charles M. Gray, Schuyler Drive, Town of LaGrange, was on her way to college classes yesterday morning when the accident occurred. She was taken to the hospital in the LaGrange Fire Department ambulance.

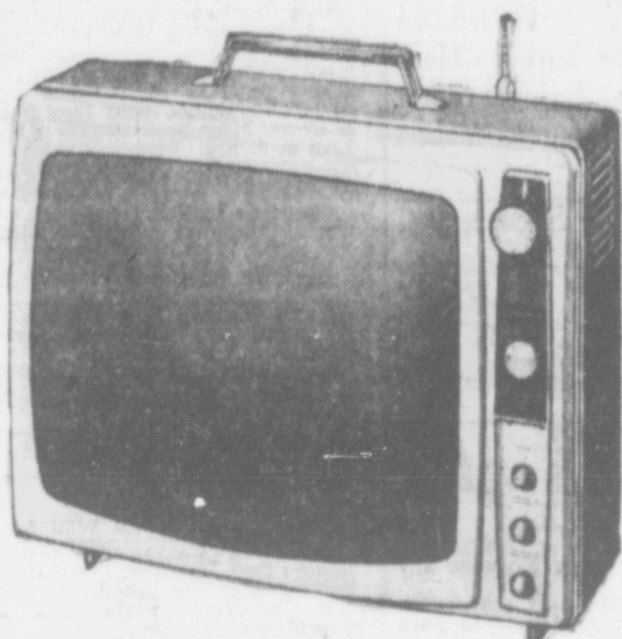

Authorities said Miss Gray suffered loss of teeth, a dislocated hip, fractured pelvis and facial lacerations.

Mohammed's flight to Medina is known as the Hegira.

## A NEW HOME

Can be yours easier, than you think. Act now. We have Christmas. We handle everything for you. It's less expensive than you might imagine, little cash down needed. If you own a lot, or do some of your own work. We have land and plans, or will build on your lot, or your plans. A custom built home is your best buy.

KROM & CANAVAN, Realtors  
233 Fair. FE-8-5935 (nites FE-8-2588)

## An 8 Room Home

\$12,500

A real solid home. In good condition, in a nice section of Kingston, and in the George Washington School area. A fine home for a large family. It has a large family sized kitchen, modernized with plenty of cabinets, and built-in eating area. You'll also find unusually large bedrooms, oil heat, and a home well worth your inspection. Best terms can be had. Down payment as low as \$1,000.

KROM & CANAVAN, Realtors  
233 Fair. FE-8-5935 (nites FE-8-2588)

## A PAIR OF

## BEAUTIFUL HOMES

NEARING COMPLETION  
Located in a delightful, popular area between Kingston and Woodstock, large tree-shaded lots and built by two of the area's top builders.  
No. 1 4 bedrooms, 2 baths, 2-car garage, rec. room, 90% mortgage available.  
No. 2 3 bedrooms, 1 1/2 baths, 2-car garage, 90% mortgage available.  
Township of Hurley-Ontario School Dist. Abundant water supply. Low taxes.

## RAY CRAFT

42 Main "For Better Homes" FE-8-1008

## A Pretty View

Nice surroundings and pleasant neighbors are a few of the enjoyments you'll find with a modern ranch home, built 3 years ago. See a well designed home, with kitchen built-in, dining room, big living room, 3 large bedrooms, and plenty of closet space. A quiet location, on a street with little traffic, makes it ideal for children. A full basement, attached garage, and landscaped lot are a few of the other qualities. Asking \$16,000 but a sincere offer is wanted.

# The Weather

FRIDAY, SEPT. 21, 1962

Sun rises at 5:41 a. m.; sun sets at 5:39 p. m., EST.  
Weather: Mostly fair.

## The Temperature

The lowest temperature recorded on The Freeman thermometer during the night was 34 degrees. The highest figure recorded up to noon today was 53 degrees.

NICE AND CLEAR

## Lower Hudson Valley:

This afternoon sunny and warmer than Thursday. High in upper 50s to middle 60s. Tonight generally fair and cool with scattered frost likely again. Low in the 30s. Saturday mostly sunny and gradual moderation in temperatures. High in the 60s to low 70s. Wind light and variable through tonight and southerly 10-15 Saturday.

## Mohawk Valley, Western Catskills, Northeastern New York:

Considerable sunshine slowly moderating temperatures this afternoon. High in the 50s. Tonight fair to partly cloudy and not quite so cold as last night. Still a risk of frost in low areas. Low in 30s. Saturday increasing clouds with some sunshine and warmer. High in the 60s. Winds light and variable becoming southwest 10-15 Saturday.

## Western New York, Northern Finger Lakes, East of Lake Ontario:

Generally fair this afternoon. Temperature rising to near 60. Increasing high clouds and not as cool tonight and Saturday, probably followed by a few showers Saturday afternoon or evening. Low tonight 35-40. Variable winds under 10, becoming south to southwest 10-25 by Saturday.

## Southern Finger Lakes:

Generally fair this afternoon. Temperature rising to near 60. Increasing high clouds and not as cool tonight and Saturday, probably followed by a few showers Saturday afternoon or evening. Low tonight in mid-30s. Variable winds under 10, becoming south to southwest 10-25 by Saturday.

# 13-Inch Rain Floods Sarasota

By THE ASSOCIATED PRESS

Cold air chilling most of the nation is expected to take the steam out of the thumping storm that hit parts of Florida with damaging winds and more than a foot of rainfall.

More than 13 inches of rain poured down on Sarasota Thursday evening, flooding parts of the city three feet deep and causing some residents to be evacuated.

Five inches of rain fell on St. Petersburg and 40-mile-an-hour winds raked Miami. Water and power failures were reported in Sarasota and Miami.

Meanwhile, it was cool sleeping for most of the rest of the nation, and downright freezing in some parts.

Lebanon, N.H., saw the temperature go down to 31 degrees.

## Weekend to See Warming Trend

ALBANY, N. Y. (AP) — Extended forecasts, prepared by the U.S. Weather Bureau, from 7 p.m. today to 7 p.m. Wednesday:

Eastern New York — Gradual warming trend over the weekend with little change thereafter until mid-week. Temperatures expected to average just under seasonals. Scattered showers expected Saturday night and Sunday and again early next week. Rainfall will be light and spotty.

Western New York — Temperatures expected to average 5-7 degrees below normal, moderating somewhat through Saturday but could again Sunday followed by a warming trend toward mid-week.

Precipitation will average about 1-4 inch as widely scattered showers Sunday through Tuesday.

Temperature Normals — Daytime highs, 67-74. Nighttime lows, 46-52.

## Set October 20 Deadline for Party Permits

New York's deer hunters were reminded today by the State Conservation Department that October 20 is the deadline for submitting applications for a party permit.

Under a party-permit, a "party" of hunters may take a bonus deer—either-sex to the owner of the legally allowed individual members of the party. Except for Sullivan county (Area G) where a "party" shall consist of two hunters, a party-size of four will apply in all areas.

The quota for Ulster county (Area F) has been set at 2,500. Areas for nearby counties: Sullivan, 3,000; Orange, 800; Columbia-Dutchess, 2,200; Greene and Albany, 1,400 (where hunting is permitted).

Albert G. Hall, chief of the Bureau of Game, said state regulations provide for an October 20 deadline so that party-permit applications can be processed and returned to sportsmen requesting permits for the Northern Zone where big-game hunting will get underway October 25. Last year, more than 31,000 applications were received. Hunters are reminded to double-check their applications before sending them on to the Department.

"Area boundary lines and permit quotas are scientifically adjusted," Hall explained, "to permit adequate harvest of the deer herd to reduce winter starvation and maintain suitable range quality."

This year, he added, the system has been expanded to eleven areas with the addition of eleven new counties (Erie, Niagara, Orleans, Genesee, Livingston, Ontario, Monroe, Tompkins, Wayne, Wyoming and Yates).

Applications, along with a map of the areas and additional information, are now available at Conservation Department regional offices and license-issuing agents throughout the State.

## Ring Promotion Told Rudolph Managers

Hyman Nissenbaum, manager of Rudolph's Jewelry store at 294 Wall Street, was a guest last weekend of Rudolph Bros., Inc., at a special Eastern Division manager's meeting at Jack's Restaurant, Albany. The firm is the largest jewelry chain in the east.

Chairman for the meeting was M. R. Rudolph, chairman of the board. Fall promotional plans were presented to the managers and a new diamond ring series was unveiled. The new design to be promoted is called "Bridal White," a beautifully sculptured, 14-karat white gold mounting, holding a superior quality diamond.

The promotion plans for the "Bridal White" diamond ring series stressed an increase in newspaper advertising during the coming months.

# People in the News

Peter Wilson, chairman of the famed art auction house, Sotheby's, notified Scotland Yard in London that a \$14,000 Renoir had disappeared from the trunk of his car—lost or stolen.

Wilson was driving to London from his country home when police stopped him to report the trunk of the car was open. The Renoir was gone, but another valuable painting was still there.

Mohammad Ayub Khan, president of Pakistan, flew to Ottawa from London for a three-day state

visit as guest of Canada's Prime Minister Diefenbaker.  
Pope John XXIII will intone the hymn "Veni Creator Spiritus" (Come Holy Creator), then march in procession with 2,800 Roman Catholic clergymen to St. Peter's Basilica in Vatican City Oct. 11 to open the church's ecumenical council.

Judge Edward J. Chapman of New York fined 16 parking lot operators a total of \$785 for parking their overflow customers on city streets. The judge admitted that "if I owned a parking lot, I'd probably do the same thing."

## Bloomington Vols Approve \$21,000 Pumper Contract

At a special meeting Thursday, Bloomington Fire Company, Inc., unanimously approved purchase of a new \$21,000 fire apparatus. The truck chosen by the Equipment Committee resulted from an extensive study of the bids and proposals received from various equipment manufacturers a short while ago.

The contract was awarded to Galway Fire Equipment Corp. of Galway, to furnish the equipment as proposed in their bid of \$21,000. The new truck, the first new piece of apparatus purchased by the company since its inception over 20 years ago, will be a deluxe, triple combination cab forward pumper featuring a four-wheel drive cab and chassis with the body and fire equipment by Pierce Pumper Co. of Appleton, Wis. The truck will be powered by a 300 h.p. Waukesha engine and contain a 750 gallons-per-minute pump and a 750 gallon capacity booster tank.

The truck will include standard fire fighting equipment besides 500 feet of 2½-inch hose to be delivered with the apparatus. The engine, which will bear County Fire Control identification number E 119, will join Bloomington's other three pieces of apparatus which include at present a 1937 and 1939 Sanford Pumps and a 1,000 gallon tanker.

In his closing remarks, President Fred Sauer reminded the volunteers assembled that this new truck is only the beginning of an extensive expansion program which has already seen the erection of a new addition to the firehouse, and beginnings of programs slated to train the local volunteers to a high degree of efficiency.

Serving on the truck committee with the president were Herbert Faurte, chairman; Chief Oscar Hahn, Leslie Evers, Charles Reilly, John Perrett, Charles Markle and Charles Peterson, and Warren Prandoni.

## Nominations Will End Oct. 15 for ASC Committees

The election of Agricultural Stabilization and Conservation Committee members and delegates to the county convention will be held by mail balloting this year, according to Ulster County ASC Chairman B. M. Wood.

ASCs Community Committees are elected each year by farmers to serve as their representatives in carrying out duties assigned by the Secretary of Agriculture in connection with the Agricultural Conservation Program, Feed Grain Program, Wheat Stabilization Program, Wheat & Soil Bank and other duties relating to programs designed for conservation of soil and water resources on agricultural land.

Any person of legal voting age and having interest in a farm as owner or tenant and any person not of legal voting age who supervises or conducts the farming operations of an entire farm is eligible to vote in the community in which he has such interest, if an acreage allotment is established for the farm or he is eligible to participate in any program administered by ASC Committee.

Petitions signed by 10 or more eligible voters nominating persons for membership on the community committee will be received at the county office at any time up to Oct. 15.

The names of the persons nominated by proper petition will be included in the slate of nominees if found willing to serve and if they are eligible. Wood said, "If a person nominated by petition is found ineligible, he will be notified of such determination prior to completion of the slate of nominees, however, he may appeal to the county committee any time prior to the date set for completion of the slate of nominees."

Community committeemen will be charged with the responsibility to make additional nominations as are required or as it determines are desirable. Persons wishing to send in petitions are urged to do so promptly.

## Traver Death Is Declared Suicide

An official verdict of suicide has been given by Dutchess County Medical Examiner Dr. Chester Golding, following an inquest into the death of Ralph L. Traver, 62, Rhinebeck.

Traver, chairman of Town of Rhinebeck Board of Assessors and a former president of the Dutchess County Assessors' association, was found dead near the Rhinebeck Recreation Inc., bowling alleys July 21 by his sister, Jennie.

State Police Investigator Emmett Donahue, Rhinebeck, testified at the recent formal inquest that relatives described Traver as depressed. Traver operated the bowling alleys with his sister and a brother, Lewis.

Traver died of a self inflicted 22 caliber rifle bullet wound of the right temple, examination disclosed.

## Clintondale Will Vote Tonight on Fire Equipment

Clintondale voters will go to the polls today between 7 and 10 p. m. to vote on two propositions calling for appropriations of \$45,000 for the purchase of a new pumper and equipment and a new firehouse in the Tuckers Corners area.

Fire Chief Lawrence Capozzi said the first proposition calls for \$22,000 for the purchase of a new pumper. He said if the proposition is approved, the 1946 pumper now stationed at the Clintondale firehouse, will be housed in the new firehouse if that \$23,000 proposition is approved.

## Kuehns Will Attend Kemper Conference

William H. Kuehn of 94 Madison Avenue, manager of Mutual Insurers Agency Inc. of 308 Clinton Avenue has been invited to attend the Kemper Insurance group's golden anniversary conferences Sept. 23 through Oct. 1 in Chicago and Bermuda.

The Golden Anniversary Conferences, so named in recognition of the Kemper organization's 50th anniversary year, will offer Kuehn, and the nearly 1,000 others expected to attend, a variety of seminars and training sessions on such subjects as agency management, advertising, new developments in the insurance industry and other aspects of the insurance profession.

Invitation to the conferences is based on outstanding achievement in the sale and service of fire, casualty insurance during the year ending June 30, 1962.

Kuehn will be accompanied by his wife, Mrs. Sally Kuehn.

## Killed in Garage

ST. LOUIS (AP)—A 76-year-old man, returning from a driving lesson, crashed his car through the door of his garage Thursday and killed his wife.

Mrs. William Baumgartner, 72, of suburban Bellefontaine Neighbors, was pinned against the rear wall of the garage.

## Po'keepsie GLF Egg Service Is Going to Paltz

Operations of the GLF service of 185 Main Street, Poughkeepsie, will be closed at the end of September, with the GLF Egg service on the premises being transferred to New Paltz.

Richard Wood, manager, announced plans for closing Thursday, and said there are no immediate plans for the future. He explained that the Smith Street GLF service no longer deals in feed and the extensive premises represent too great an overhead for the merchandise now handled.

Wood said a small operation might be considered in the spring of 1963. GLF owns the Smith Street property including five acres of land, two buildings and a large shed. Plans now are under consideration to sell the property.

## Greene Man, Two Others Lose Lives When Tug Sinks

A 28-year-old Greene County man and two other crew members drowned Thursday when a 75-foot tug suddenly and mysteriously capsized and sank while hauling a freighter through calm waters of Newark Bay near the Elizabeth Channel.

Drowned were Carl Salversen, of Greenville, Greene County, officer aboard the tug; Frank Fargo, 39, Brentwood, L. I., skipper, and Norman Evans, 29, of Dagsboro, Del., assistant engineer.

Four other crew members were rescued. After talking with survivors, Coast Guard officials could offer no explanation for the sudden plunge of the craft.
